Protocol Goes by Board

It was a week since she'd seen her mother and a whole four months since her father had gone away. And that's a long time when you are six, too long to bother about protocol and all that stuff. That's what Princess Anne decided, anyway, when she shoved Prince Charles aside, broke ranks and raced up aircraft ramp yesterday to greet the Queen and Duke of Edinburgh on their return from Portugal. Heir apparent lost no time following his sister's example. Story on page 2. —(AP Photofax.)

Pensions Hike?

Commons Gets Election Hint

OTTAWA (BUP)—Prime Minister Louis St. Laurent outlined a non-contentious pre-election program to the Commons yesterday for the balance of this session of Parliament, and members knew immediately an election is not far off.

PRIME MINISTER
ST. LAURENT

He said that if and when the government decides to raise old age pensions and veterans allowances, it would be announced in finance minister Walter Harris' budget. He said the government always hoped to get the budget approved by parliament, but left the door open to an election beforehand, with the new parliament meeting in the autumn to complete this session's work.

Mr. St. Laurent told the Commons that introduction of legislation to set up a federal-provincial hospital insurance plan would depend on provincial acceptance of the offers made by the federal government.

Mr. St. Laurent conceded that there might not be time to pass all the legislation now before parliament.

"In other words," said deputy opposition leader Earl Rowe, "the election is most important."

"Under a democratic system I think that elections are extremely important and that periodical elections are the best safeguard for the respect of the rights of the people," Mr. St. Laurent said.

"The electors think so too," Rowe said.

Budget Day Today

Premier W. A. C. Bennett is scheduled to take the wraps off the province's 1957-58 budget at 2.30 p.m. today in the legislature.

Full details of the budget with comments on its main provisions will be published in Saturday morning's Colonist.

One Man Charged

Police Query Bank Suspect

A team of Victoria detectives late last night was questioning a 25-year-old man in Vancouver about a $3,000 city bank robbery for which one man has already been charged.

The detectives flew to the mainland after Vancouver police reported arresting the man in a hotel room after an all-night watch. He had $600 in his possession.

The man had not been brought back to Victoria late last night. Police refused to give further details.

Barry Irwin Keele, 26, Victoria, was arrested Feb. 14, three days after an armed holdup of the James Bay Branch of the Canadian Bank of Commerce. Still in custody, he elected trial by judge and jury and bail was set at $10,000 in two appearances in city police court.

Algerian Toll Now 20,000

ALGIERS (Reuters) — Insurgent deaths in the two-year Moslem nationalist uprising against French rule in Algeria were estimated Thursday to have topped 20,000.

French sources said about 19,000 insurgents were killed between Nov. 1, 1954, when the uprising began, and Feb. 1 of this year.

At least 1,000 more insurgents were reported killed in fighting with security forces in the last three weeks.

French sources here said security forces had lost 2,600 men to Feb. 1 this year.

Woodworkers Meet in Vancouver

'No Contract, No Work' Theme As IWA Draws Up Demands

25-Per-Cent Rise City Group's Aim

By DAVID FRANCIS
Colonist Staff Reporter

VANCOUVER—Ready to strike for wage demands this year, representatives of B.C.'s 30,000 coastal woodworkers went into convention here yesterday to decide what to ask from logging and lumber manufacturers.

JOE MORRIS

The six-day International Woodworkers of America meeting will deal with resolutions demanding wage increases ranging from 15 to 30 per cent.

Victoria's 1,700 woodworkers have introduced a resolution asking for a 25-per-cent increase, another paid statutory holiday and increased holiday pay.

Joe Morris, IWA president, said the woodworkers are "sufficiently in earnest to take any necessary organized action in support of their demands.

"From now on until a settlement is reached, the employers must reckon with the entire membership and not any small group," he said.

Referring to employer reports of falling markets, Mr. Morris said the IWA is ready to bargain in good faith and employers were only provoking distrust by "crying the blues."

Wages must rise with productive capacity if business prosperity is to be maintained, he claimed.

The IWA president urged members to look beyond a one-year wage contract and plan for developments five to 10 years ahead.

By the windup of the convention in the Georgia Hotel here, some 145 delegates must decide on a total of 122 resolutions dealing with contract demands.

They range from a guaranteed annual wage equivalent to 200 work days pay a year, to a 30-hour week with no loss of take-home pay.

One resolution calls for a policy of "no contract, no work" if the coming negotiations fail to produce a settlement by the expiration of the coast master contract June 15.

Huge Strike Fund

Backing any IWA strike threat is a huge strike fund expected to swell to the $2,000,000-mark by this spring.

A. F. Hartung, international president of the IWA, noted that for the first time the provincial coast contract and the contract covering northwestern United States expire about the same time.

"Should it be necessary that we have to take out the industry, at least we won't be filling your orders when you're out on strike, and you won't be filling our orders if we are out on strike," he said.

Increased productivity in the lumber industry and a higher cost-of-living are a "good argument" for higher wages, Mr. Hartung said. In addition the basic industries across the United States and Canada, such as steel, have signed two—or three—year agreements providing for "large" annual wage increases, he said.

"Those wage increases are going to set the cost-of-living," he stated. "We have got to move with them."

To clean up slums and other substandard housing, Canada and the United States should double their production of new homes, said Mr. Hartung.

He said Canadian workers should increase construction of homes to 250,000 a year, and American workers to 2,000,000, to do away with homes unfit for living in.

Both the American and Canadian governments, Mr. Hartung said, have decided to stop the building of homes" as the roadblock to inflation."

"Inflation is not caused by the things the people need," he argued.

Housing administrators and other government officials say there are too many houses, Mr. Hartung said.

"That depends on what you call homes. True they have four walls, but some of them you can throw good-sized dogs through the cracks."

There are "thousands and thousands" of slum homes across the nation, and Canada's population is increasing by 400,000 a year without including immigration.

More Snow On the Way

Spring hasn't arrived after all — snow is predicted for this evening.

The weatherman said last night that snow is expected to start falling in the evening but he could not say if it would last or how much would fall.

Cause of it all is a warm air mass moving up from the southwest.

It will mingle with the cold air mass now covering the west coast, with snow as the result.

Senate Expert Says:

Tight Money Hurts Canada

OTTAWA (BUP)—The Senate's recognized leading economist yesterday warned that former president Herbert Hoover's recent depression forecast would apply to Canada, too, unless the current money policy is speedily relaxed.

SEN. N. A. McLEAN

Sen. Neil A. McLean of New Brunswick, a former banker and frequent economic adviser to the late president Franklin Roosevelt, told the Upper House bluntly that "if this tight money squeeze keeps up we shall have a downward fluctuation in production that will cause an awakening we may not like — and we shall have plenty of unemployment also."

McLean urged that the Bank of Canada "seems to have seceded from Parliament" and to be now following banking policies which are completely contrary to the intention of the Bank of Canada Act.

He challenged the Bank of Canada's contention that a threat of dangerous inflation existed in the Canadian economy today. Actually, he said, one of the effects of the bank's tight money policy had been definitely inflationary in itself, since it had resulted in higher interest rates which, in turn, imposed an added cost upon the entire community and thus helped to drive prices up.

McLean said that the high interest rates caused by Bank of Canada policy, instead of controlling inflation, was simply driving Canadian borrowers into the United States money markets, with the result that vast interest payments which normally would have remained in Canada and augmented purchasing power here now were going south of the border.

McLean also attacked the logic of the Bank of Canada in seeking to cut back production at the same time as it proclaimed a threat of inflation. Any economist knew, he said, that one of the surest safeguards against inflation was a plentiful supply of consumer goods, since it had the automatic effect of keeping down prices.

The cut-back in production which the Bank of Canada policy was aiming at was one of the most certain ways to invite an inflationary price spiral.

'Mercy Killing, Murder'

LONDON (Reuters)—The Archbishop of Canterbury said Thursday "mercy killing should be regarded as murder and nothing else."

Dr. Geoffrey Fisher told the House of Lords during a debate on a government bill to change the law of murder:

"Many people require fortifying against the idea that a mercy killing is a rather good kind of murder."

The bill, already passed by Parliament, confines the death penalty to certain types of murder, including murder committed in the course of theft; in resisting, avoiding or escaping arrest; or by shooting or by causing explosions.

The Lord Chancellor, Lord Kilmuir, referred to mercy killing in explaining why the government had decided against making poisoning a capital crime.

He said he thought it impossible to distinguish by legal drafting between the "commonest form of poisoning, the mercy killing of an incurably sick person, and the deliberately calculated murder for gain."

Islander Finds Hawaii Bottle

KYUQUOT — Kerry Neave, son of Mr. and Mrs. S. L. Neave, found an unusual object on the beach near here the other day.

It was a lotion bottle labelled, Brown's of Hawaii. It is believed the bottle must have floated across the ocean to land on this coast.

Wenner-Gren

Colonist Carries Big Deal Paper

Proposed multi-million-dollar development of a wide area of B.C. north of Prince George through financial interests of Swedish industrialist Axel Wenner-Gren has aroused widespread comment.

Controversy has developed over the extent to which the government is committed in the development.

Lands and Forests Minister Ray Williston told the legislature last week that the government has simply signed a memorandum of intent with the Wenner-Gren Foundation.

In order to let readers judge for themselves the extent of the agreement, The Daily Colonist has obtained a copy of the document which is published verbatim on Page 4 of today's editions.

Dulles Summons Six U.S. Jews

WASHINGTON (AP)—The Eisenhower administration sought Thursday to increase the pressure on Israel to withdraw its troops from Egyptian territory and avoid the possibility of United Nations sanctions. (See page 3.)

Six American Jewish leaders were summoned to the office of State Secretary Dulles and reports said they were asked to use their influence with the Israeli government to get compliance with the UN mandate.

You'll Outlast Him

He'll Crack First

Pick Yourselves a Young One, Girls

MONTREAL (CP) — Women are tougher than men and are getting more so.

Man, "becoming positively fragile in mind and body," is cracking up fast under the relentless pounding of 20th-century life.

Thus, women who want to stave off those inevitable widow's weeds as long as possible should marry men at least two or three years younger than themselves.

This lugubrious diagnosis belongs to New York psychologist Murray Banks, who laid it on the line here in an address Wednesday night to a women's lodge.

Women, he said, are built to stand the strain.

"Men are coming under more and more pressures to succeed.

"Women, largely, are under only one big pressure . . . to get married."

Women stay younger longer than men, said Dr. Banks. They adjust better to the "ulcer age." They are mentally and physically the stronger sex.

"Physically, statistics are proving the superior strength of women. The time has already come when they should give up their seats in buses and trains — to the weaker sex."

There was a time, said the doctor, when nervous breakdowns automatically were associated with women.

"But now for every woman who has a breakdown there are seven men."

Marriages would be emotionally stronger and last longer if the female thoughtfully selected a man her junior.

"There are more widows than widowers," he said. "And you ladies are likely to be widows for longer if you marry a man older than yourselves."

ALL ABOARD

With G. E. Mortimore

TODAY is the 100th birthday of Robert Stephenson Smyth, Lord Baden-Powell of Gilwell.

When he was in command of the 1,000-man garrison of Mafeking in 1899-1900, fending off 9,000 Boers, Baden-Powell drafted small boys to carry messages and relieve soldiers from the trenches.

Those cadets in a beleaguered South African city were the first Boy Scouts.

But the Boy Scout organization did not come into being officially until some years later, in England.

In 1904 Baden-Powell drafted some ideas for training boys on the lines of army scouts. He secured the backing of C. Arthur Pearson, famous publisher. On July 25, 1907, 20 boys arrived at Brownsea Island in Poole Harbor, Dorset, to camp with Baden-Powell, who by then was a general and a national hero.

He divided the group into patrols of five. At the camp fire he told the boys stories of his experiences of scouting. He trained them in tracking, stalking, pioneering.

He wrote a book, "Scouting for Boys," which was published as a six-part serial; and he spoke to the national secretary of YMCA boys' work; but he had no idea then of founding his own organization. He only wanted to help existing organizations. He lectured under auspices of the YMCA.

Scouting caught the imagination of boys. They spontaneously began to form their own scout patrols. Demands arose for a special organization to control and direct them. The Scout organization was born in 1908.

Given Baronetcy

Made a baron for his work, the Chief Scout of the world died on Jan. 8, 1941, after a long and distinguished career. He had lived to see Scouting spread all over the world. Today there are some 6,750,000 Scouts and Cubs in 70 countries, and close to 4,000,000 Guides and Brownies.

Twelfth child of a noted scientist, clergyman and Oxford professor, Baden-Powell showed a lively and inquisitive mind in childhood; endured poverty after his father's death; went to Charterhouse on a scholarship.

Even then he was a woodsman. He stalked through the copse at Charterhouse, evading masters, lighting camp fires, observing wildlife.

He was not a brilliant scholar, but he passed his army entrance exam with such high marks that he was immediately commissioned in the 13th Hussars, sent to India.

He was a man of several talents. To supplement his army pay, he drew sketches and sold them to a magazine. Because he couldn't afford trained mounts for polo and pig-sticking, he bargained for semi-wild ponies, trained them himself.

His rich and varied army career included service in the Ashanti rebellion, the Matabele campaign, the Boer War.

Anecdotes about him are numerous. He set out alone on the Indian frontier, found and recovered a valuable horse. At a thirsty South African camp, he saw pigeons flying up at a distance, guessed they must be near water, and found a pool.

In Mashonaland he captured an enemy stronghold with only 120 men, by lighting fires and dispersing his force to give the impression of a large army.

Boers Outfoxed

In beleaguered Mafeking, he had dummies made and moved a home-made searchlight around to mislead the Boers into thinking his force was larger than it was; improvised grenades from dynamite-filled tins; yelled orders through a megaphone for feint attacks to alarm the surrounding troops.

He designed siege banknotes to keep business going; ordered horses shot for food. The Boers respected his defence. A gunner shot a note in a shell-case, saying he wished to drink "B-P's" health. He sent the man a bottle of whisky under a white flag.

As military intelligence officer, Mediterranean, he went on spying missions. Once he posed as a butterfly-hunter, sketched batteries in the Dalmatian mountains.

Disguised as a bearded and scruffy newspaper reporter, he moved back and forth across Boer lines in South Africa. His disguise was so good that his own major took him for a tramp, swung his cane at him and growled: "Get out."

He was a strong-hearted, happy and resourceful soldier and gentleman. In his last message to the Scouts of the world, he wrote this:

"I believe that God put us in this jolly world to be happy and enjoy life. Happiness doesn't come from being rich, nor merely from being successful in your career, nor by self-indulgence. One step towards happiness is to make yourself healthy and strong while you are a boy, so that you can be useful and enjoy life when you are a man.

"Nature will show you how full of beautiful and wonderful things God has made the world for you to enjoy. . . . The real way to happiness is giving out happiness to other people. Try, and leave this world a little better than you found it, and when your turn comes to die, you can die happy in feeling that at any rate you have not wasted your time but have done your best. . . . Stick to your Scout Promise always—even after you have ceased to be a boy—and God help you to do it."

Squires Contends:

Income Statement 'Just Hullaballoo'

John Squire (CCF, Alberni) yesterday termed the government's contention that the province's major source of income is from natural resources "just so much hullaballoo."

"To keep the record straight," he said, "we should analyze the 1956-57 estimates which show that out of an estimated income of $221,000,000, we only estimate a $48,000,000 income from our natural resources."

The $48,000,000 he said, includes income from marriage licence fees, trade licences "and so on."

Mr. Squire urged members to compare that figure with estimated $66,250,000 income from the five per cent sales tax, $21,000,000 from the gas tax and $21,000,000 from liquor.

He read from a government "newsletter" which showed that "millions of dollars were made from the asbestos holdings and from the Transmountain pipeline within a very short time."

AMUSING TO ME

"It's amusing to me to think that a member of the Social Credit government, just a few months ago, suggested that we place a tax on bingo games which, I assume, was intended to increase the revenue into the provincial coffers," he said.

"No one can deny that were the government to really take advantage of the profit from our resources, even in just the two fields I have mentioned, we could proceed with an increase of at least $20 to $30 a month for our pensioners without raising the tax level one dollar."

"The figures indicate, Mr. Squire said, "that the people of this province did not have access to the real wealth of the province, and under this government's policies will never have access to the real wealth."

B.C. Salmon To Hatch In Japan

British Columbia sockeye salmon—about 98,000 of them—will soon be swimming in Lake Chuzenji in Japan.

The department of fisheries was advised recently that a shipment of sockeye salmon eggs, sent out in mid-January, had arrived safely at the Nikko national hatchery near Tokyo, where they will be retained until ready for planting.

The gift arose from meetings between Canadian and Japanese scientists working on fishery surveys in the North Pacific under the International North Pacific Fisheries Commission.

Japanese members had mentioned that stocks of Kokanee—a landlocked salmon—in the lake were diminishing.

The Canadians offered to send replenishments and procured eggs from 75 sockeye spawners at Cultus Lake.

Garden Notes

Don't Be a Pest And Push Plants

By M. V. CHESNUT, FRHS

With the planting season soon upon us, one of the most important lessons the novice gardener must learn is not to fuss over newly planted perennials, shrubs, trees or lawns. All they need in their early stages is to be treated to a little wholesome neglect.

If the planting site has been properly prepared, and the plant put in correctly, there isn't anything more you can do for it until it has settled down in its new environment. In fact, considerable damage can be done by trying to push the plant along.

The time to feed a plant, the time to ensure against dryness, the time to correct the soil texture is before planting, not after. The newly planted lawn, whether from sod or seed, will prosper best if its care is limited to careful and frequent mowings during its first year.

The use of weedkillers and fertilizers will hinder rather than help the young grasses in their effort to become established. There shouldn't be any need for either 2, 4-D or fertilizer if the site was prepared with proper care.

Any perenial plant, including trees and lawn grasses, needs time to adjust itself before it can forge ahead. It must develope its root system before it can put on much topgrowth, so fertilizers are more likely to be a hindrance rather than help in the early stages, since they tend to foster the growth of foliage at the expense of root formation—foliage which cannot be supported by inadequate roots.

YEAR OF GROWTH

The newly planted fruit tree or flowering shrub should have a whole year of growth before feeding at all is needed. Don't expect very much in the way of above-ground performance during this twelve-month period—the important growth is going on down, below the soil surface.

Every plant suffers some injury and shock when it is moved or transplanted, no matter how carefully the job is done. Tiny, almost invisible root hairs are torn and broken, and these are the organs with which the plant takes in food and water, they must be restored before new growth can take place. In the meantime, the plant lives upon the nutrients stored in its own tissues, like a hibernating bear living upon its stored fat.

Until the plant grows itself a new set of feeding roots, the amount of topgrowth which can be sustained is severely limited. That is why shrubs and trees are pruned hard during transplanting—to reduce the drain on the root system. That is why the evergreens shed their leaves or needles when transplanted. Far from being abnormal or bad, this leaf-shedding is only the plant's way of balancing its budget—of adjusting its expenditure to its income.

The time to consider the feeding of any new plants is after topgrowth starts again. Until then, all they need is a firm anchorage, protection against extremes of wetness or dryness, and freedom from the nagging attentions of their owners.

Queen, Duke Home Again

Anne Leads Welcome

LONDON (CP) — Curly-haired Princess Anne pushed the future king of England aside Thursday and bolted up an aircraft ramp to welcome home her royal parents.

Anne, a sprightly 6, whisked past Prince Charles, 8, and a host of dignitaries in her dash to greet Queen Elizabeth and the Duke of Edinburgh in the privacy of the plane that brought them from a state visit in Portugal.

Charles and the dignitaries—including Prime Minister Macmillan — looked slightly nonplussed for a moment but then the heir to the throne took off after his sister to hug their parents.

They hadn't seen their father since he started a world-circling tour four months ago.

Earlier Thursday a large crowd at Lisbon airport waved flags, hats and handkerchiefs wildly in an emotional farewell. Men and women with tears in their eyes—perhaps instinctively remembering the 600-year-old friendship between their country and Britain—shouted "Adeus Isabel" (goodbye, Elizabeth) until they were hoarse.

But the strangest of the day's adventures took place in the city of Oporto, whose famous wines have been sent to Newfoundland for seasoning for centuries.

As the royal visitors drove through the town, the people struggled past police cordons to shower rose petals on the car.

The Queen threw town officials into confusion by asking for an open car so that the people could see her better on the 10-mile drive to the plane. The light-hearted duke spotted a truck—a shabby old vehicle ordinarily used for getting police squads to trouble and assigned Thursday to photographers.

Smiling happily, the couple scrambled out of their official car and climbed into the truck—two photographers gallantly abandoning the bone-shaking old relic.

"This will do splendidly," the Queen said.

Then, sitting in a narrow wooden bench, the Queen and duke went bouncing along the cobbled streets as cheering, leaping crowds showered them with bouquets.

Guarantees Demanded

Israel Says 'No' To Eisenhower

JERUSALEM (AP) — Prime Minister David Ben-Gurion Thursday night turned down President Eisenhower's demand for an immediate Israel withdrawal from the Gaza Strip and Gulf of Aqaba.

At the same time, the ageing Jewish leader announced Israel will make a new effort to reach an understanding with the United States on the Middle East crisis.

Addressing Parliament after a cabinet meeting, Ben-Gurion said anew that Israel must have guarantees of freedom of navigation in the Gulf of Aqaba, plus security against raids from the Gaza Strip.

"No matter what may happen, Israel will not submit to restoration of the status quo in the strip," he said.

DOOR NOT CLOSED

The 70 - year - old Israeli prime minister told parliament:

"We hope the door is not closed to further discussion. The government has decided to make further effort to reach an understanding with the United States."

He said of the Aqaba gulf coast:

"Israel has no need and no desire to occupy the desolate coastal strip of the (Tiran) straits. But she cannot withdraw from the area without effective security guarantees that the Egyptian dictator's acts of violence against her shipping—which the United Nations has tolerated for years—will not be repeated.

"Israel dare not unconditionally abandon the defence of her rights and her security in the straits."

SHIPPING PLEA

"The government of Israel considers it essential that the United Nations Emergency Force should be stationed on the coast of the straits to safeguard freedom of navigation of Israeli shipping until peace is concluded with Egypt, or until some other reliable and effective arrangement is made to this end . . ."

Ben-Gurion added:

"The government of Israel has declared that Israel does not consider herself in a state of war with Egypt and is prepared to sign a treaty of non - aggression, which shall prohibit all acts of hostility on a basis of mutuality."

Sanctions Bid

Arabs Muster Support in UN

UNITED NATIONS, N.Y. (UP)—Premier David Ben Gurion's rejection of President Eisenhower's demand for Israeli withdrawal from the Gaza and Aqaba strips set the stage last night for the Arab drive for United Nations

The general assembly is scheduled to meet today on the Middle East situation. Although Jerusalem dispatches said Foreign Minister Golda Meir, leading the delegation here, had instructions to seek a postponement of today's session, Israeli diplomats said such orders had not yet been received.

The 27-nation Afro-Asian bloc, of which the Arab countries are members, scheduled a last-minute caucus this morning to put finishing touches to a sanctions resolution. It was not known how many of the group would sponsor the measure.

It was expected to parallel a U.S. resolution vetoed by Britain and France in the Security Council last Oct. 30. That resolution called on all UN members to "refrain from giving any military, economic or financial assistance to Israel so long as it has not complied" with the UN's call "immediately to withdraw its armed forces behind the established armistice lines."

The alignment of UN delegations on the sanctions issue was fluid. Many delegations indicated that they awaited Israel's last word before deciding whether to support the call for sanctions.

Meanwhile, Britain and Canada were repotrted joining forces to work for a formula within the United Nations if the United States mediation outside the world body fails.

MPs Oppose Move

U.S. Attitude Unites Britain

LONDON (BUP)—Prime Minister Harold Macmillan and Foreign Secretary Selwyn Lloyd held an emergency conference on the Israeli dispute last night soon after Parliament openly condemned President Eisenhower's pullback demand.

Conservatives and Socialists joined in bipartisan opposition to the President's message, which brought partial disagreement from the British Foreign Office.

Rank and file Conservative MPs expressed emphatic disapproval of the Eisenhower message at a private meeting. No ministers were present, but informed sources said Macmillan was immediately informed of Parliament's opposition to any form of sanctions against Israel.

IMPORTANT DEBATE

Some London observers suggested that the swift British reaction to Mr. Eisenhower's demand may have strengthened the tone of Israeli Premier David Ben-Gurion's speech in Jerusalem last night.

Both Socialists and Conservatives expressed their displeasure over the President's statement in an impromptu debate in the House of Commons earlier yesterday.

One political writer commented that both parties have never been as close on any foreign issue since the invasion of Suez.

The British Government proposed a "combined operation" under which United Nations forces would move into the Gaza and Aqaba areas immediately after an Israeli withdrawal.

British Columbia Museum

WHEN provincial funds are available for the purpose, a new B.C. Museum would be one of the most attractive and soundest investments the Province could undertake. Whether in full association with the provincial archives and an art gallery or built separately, such a structure would fulfill a long-demonstrated want. British Columbia has some preserved records that are unique in Canada, if not also in the world. Half a century of gathering Indian artifacts, the journals of early navigators and pioneers, and a piecing together of the record of the Pacific Coast as it came under settlement from fur trading times on form an essential part of the history of Canada.

Priceless material in provincial hands has never been seen by the public because there has been no possibility of displaying it. That is true of exhibits in the small Museum of Natural History which has been developed since the time of B.C.'s first Parliament, and it is abundantly so of the provincial archives and its written records. Both institutions through lack of space have become mere repositories of treasures which cannot be seen nor displayed. The loss is our own and it cuts both ways, for neither British Columbians nor their visitors can make any worthwhile use of these assets in their present stored state.

For that reason one is glad to see the subject revived by Mrs. Haggen in the present session of the B.C. Legislature. Every government in office at James Bay in the last half century has known the frustrating condition that prevailed; and most of them sincerely desired to relieve it. Other needs came first and nothing resulted. That has been going on now for a long, long time. If it is the aim of the present administration to take action on the matter, such a step would certainly never be regretted. British Columbia has everything to gain from putting these assets on view under proper conditions. From the day it was built a modern B.C. Museum of Natural History would prove an immense drawing card in the capital city.

The Provincial archives could make an effective contribution to such a structure, and their removal from the Connaught Library would restore needed space there. The suggestion of expanding the plan to include a provincial art gallery also is a good one. All three purposes could be combined well in the same plan. The Province has an ideal site for a composite structure on its Belleville Street frontage, facing the Empress Hotel. The initial costs might be high, but there can be no question about the lifelong returns. They would be cumulative and multiplying. Every phase of British Columbia life could be demonstrated under ideal conditions in an unrivalled setting. "Show Window" is the right term; nor could British Columbia find a better one.

A Great Legacy

A SPUR to perhaps the best known of all programs of healthful youthful endeavor, the Boy Scout movement, will be manifest this weekend. Today marks the 100th anniversary of the birth of its famous founder, Lord Baden-Powell, and coincidentally emphasizes the 50th year of Scouting. Together with the ancillary divisions of Girl Guides, Cubs and Brownies, special events will attest to the continued growth and appeal of "B-P's" legacy. There has been none other like it before or since.

It was a brilliant idea that fashioned in the mind of the distinguished soldier of Mafeking fame, the creation of a movement that would harness the energies and habits of boys—later expanded under the aegis of Lady Baden-Powell to girls also—to happy, useful and healthy juvenile pursuits. It is no exaggeration to say that it has revolutionized the lives of millions of people, for the movement spread over the world and countless men and women look back with gratitude and pleasure to their Scout and Guide days. Every community of worth has enjoyed and benefited from the activities of the Boy Scouts, whose services and skills play an important part in their daily life.

The centenary celebrations this week draw attention to the need of adults interested in outdoor work and willing to give leadership to local troops. There are some 3,000 Boy Scouts in the Greater Victoria area, with comparable figures for the Girl Guide divisions. New boys and girls are constantly being enrolled, and they require the help and guidance of senior persons. Not long before he died Lord Baden-Powell penned this message to the Boy Scouts: "One step towards happiness is to make yourself healthy and strong while you are a boy, so that you can be useful and enjoy life when you are a man." The vast Boy Scout movement, nearly seven million strong around the globe, is testimony to the vision and ideals of its founder, but it needs constant backing to sustain and keep it alive and fresh.

Succession Tax Inconsistency

WHATEVER changes may be made in the Dominion tax structure at this pre-election session of Parliament, Finance Minister Abbott has knocked on the head any hope that may have been entertained that the requirements of the Succession Duties Act would be eased this year. Because of the shrunken value of the dollar, there has been considerable pressure of late for upward revision of the exemption section of the act. At present an estate valued at less than $50,000 is not taxable. The fact that a larger inheritance does not now yield anything approaching the income which such an estate could produce at the time when the exemption was established needs no demonstration.

The minister has informed Parliament that the act is being fully revised. In the process it is to be hoped that remedial action will be taken on a patent anomaly. As the act stands if an inheritance exceeds $50,000 then the whole estate is taxed, which is obviously unreasonable. If this principle were applied to income tax, the $1,000 personal exemption would be worthless to anyone whose income came to $1,001.

In the case of succession duty a straight exemption with the graduated tax applying only to that part of an estate exceeding the exemption would be far more fair and sensible. Surely it should not be necessary to wait another year for such an adjustment merely because revision of the act as a whole cannot be completed in time for this session.

Leipzig Fair Is Main Effort

By OMER ANDERSON
North American Newspaper Alliance

BONN—The Soviet zone's Stalinists are staking their immediate future on the Leipzig spring trade fair.

At this traditional German industrial showcase, the East Germans will strive to strike enough barter deals with the West to keep their crisis-ridden economy afloat through the current political storm in the Communist bloc.

The Soviet zone is going all out to make this spring's Leipzig Fair, from March 3 to 14, the biggest East-West trade extravaganza yet.

Some 10,000 exhibitors from 40 countries, including all major Western nations, will pitch stands at Leipzig.

Western interest in East bloc trade is at an all-time peak. In the past, the Communists have talked trade with the West, but when the talk got down to specifics, it developed that the Reds wanted to do business on their own terms.

* * *

This year, the Western business community is convinced that Russia and the rest of the East bloc economically is on the ropes. The businessmen scent something of a "fire sale" atmosphere about this year's East-West trade show in Leipzig.

The Soviet zon's chief economic planner, Bruno Leuschner, has admitted in recent speeches that East Germany's immediate economic salvation lies in the West.

"East Germany, like no other highly industrialized country, depends on imports of all the important raw materials," Leuschner pointed out.

"Under present circumstances, even the Soviet Union will be unable to meet sufficiently the needs of the German Democratic Republic (East Germany)."

The Soviet zone has reneged on its promise to end this year the rationing of food, including meat, sugar, fats, coffee and cocoa.

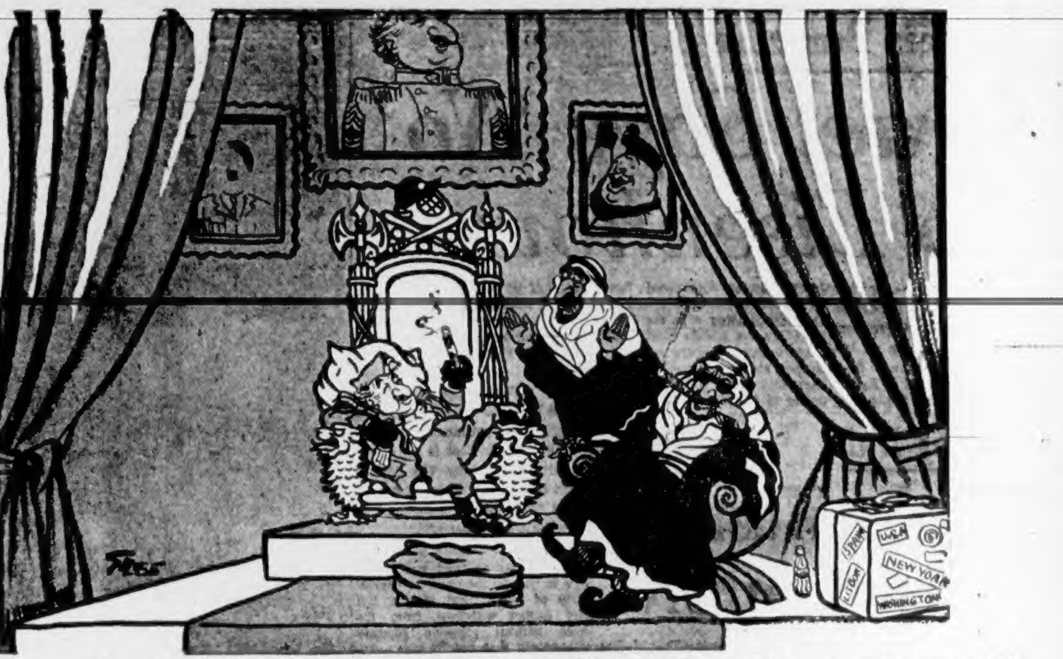
Instead, East Germans have been told "belt-tightening" will be required to pull the Soviet zone through the present crisis.

East Germany has been hit by a drastic cutback in Polish anthracite coal and agricultural deliveries. Food shipments to the Soviet zone from Hungary have all but ended, and East bloc raw material exports to the Germans have dropped 30 per cent since last August.

The Soviet Union will be the largest exhibitor at Leipzig, followed by Czechoslovakia and France. The Russians will push sales of technical instruments and motor cars, including two improved passenger cars produced by the Moscow motor works.

East Germany's showcase exhibit at Leipzig will be the first production by its new aircraft industry, the twin-engined IL-14 airliner, which the Soviet zone is building under licence from Russia.

Red China expects to use the fair to publicize its progress towards industrialization. The Chinese will exhibit over 100 new industrial products.



"His Majesty appreciates you have known the Americans longer than he, O General, but nevertheless requests that you refrain from calling him 'Bud'."

Thinking Aloud

". . . of shoes—and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

I HAVE been reading about statues. Perhaps you won't be interested because, or so I gather from their absence hereabouts, not many people in Victoria are. Replicas of famous folk are seemingly persona non grata.

At least the only one I can think of on the spur of the moment is the image of Queen Victoria gazing into the Inner Harbor. Of course there is Captain Vancouver atop the Buildings dome but he is so high up in the world a stranger wouldn't know who he is or supposed to be.

Or what he looks like.

Likeness is the basic idea of a statue, even if some sculptors seem hard put to believe this. That is why in older places this form of memorial tribute to the great finds continual favor. It is thought to be worthwhile that posterity should be shown the appearance of anyone honored by a monument.

The idea is not to be easily shrugged aside, either. For instance we have an obelisk not far from Queen Victoria set up in praise of Sir James Douglas. All well and good but terribly impersonal. You get no inspiration from studying its blank sides.

* * *

Now I come to think of it there's the centenary coming up next year and no passerby will be able to visualize the man who started it all. Not a soul, unless he dives himself into dusty records, will know whether Douglas was lean and bearded or fat and clean-shaven.

I believe the centennial committee is looking for projects; how about commissioning a local sculptor to reproduce the father of British Columbia? No?

Well, happily other places have other notions. Take Parliament Hill in Ottawa, for instance. Just the other day they unveiled Sir Robert Borden and now he is one of the immortals who surround the halls of Parliament. They tell me his is a clean-cut, bronze likeness too, set on a pedestal of pink granite. That should be decorative as well as instructive.

He is in good company. Not far away there is Sir Wilfrid Laurier, Sir John A. Macdonald, Cartier, George Brown, D'Arcy McGee, all picturesque characters who fashioned this great land of ours.

They deserve to be perpetuated in stone or bronze as well as in books.

* * *

The only time I was in Ottawa, a few years ago, I enjoyed surveying these heroes of the past and summoning what thoughts I had about them. I noticed as I went up the Hill that Sir John's frockcoat was turning green whereas Sir Wilfrid's was yet spruce and dark. John is older than Wilfrid, of course, but remembering the Indian summer of the Liberals at Ottawa I wondered fleetingly if there were any symbolism in this.

If there was it has gone now. All the statues were refurbished late last year, no doubt so that they could greet the new Sir Robert on equal terms. Sir John's eyeglasses had to be repaired too; someone, perhaps a small boy with a forbidden .22, had punctured a hole in them.

This little repair job itself brings Sir John out of his bronze mould; it makes him human again, and that's the merit of a statue. An obelisk is just a block of stone; a bronze or granite likeness is evocative.

Talking about statues two others were in the news recently. Also in Ottawa there are representative figures of Truth and Justice. These were to be part of a monument to Edward VII which never materialized and they've lain hidden for many years. It was rumored they were lost, but the public works minister says no, they are around some place, only nobody knows what to do with them.

Truth and Justice and no place for them? I hope this has no special significance. I hope too they are not lying neglected in a dank basement just because the figures are female.

Memorandum of Intention

Wenner-Gren Agreement with B.C.

In view of discussion that has developed as to what was or was not specified in the memorandum of intention executed by the Wenner-Gren interests and the Province of British Columbia, the Colonist has obtained a copy of the document, which is published hereunder in its entirety.

BETWEEN:

Birger Strid, director, of Stockholm, Sweden, and Bernard Gore, director, of London, England (hereinafter referred to as "the principals"), acting on behalf of Axel Wenner-Gren at Stockholm,

of the first part

AND

The Government of the Province of British Columbia, represented by the Minister of Finance,

of the second part.

The principals undertake to construct a railway from the southerly end of the Rocky Mountain trench adjacent to the Pacific Great Eastern Railway north to the northern boundary of British Columbia; surveys for the construction of the railway shall commence during the second quarter of 1957 and be completed by the end of 1958; and the principals shall cause construction of the railway to commence not later than April 1st, 1960.

* * *

The principals will apply for forestry rights in the proposed area of development which, for the purpose of this memorandum shall be defined as "the watershed of the Peace River and tributaries above Hudson Hope and the watershed of the Kitcheka River and its tributaries, save and except thereout that portion of the watershed of the Parsnip River and its tributaries upstream from and including the watersheds of Lignite and Mischinsinlik Creeks". these rights to be used on a sustained yield basis with maximum utilization; and without limiting the generality of the utilization, with the specific object of building a pulp mill or mills of an annual capacity of not less than 100,000 tons of pulp each. Timber surveys shall be conducted contemporaneously with railway surveys.

* * *

The principals, for general development purposes, shall cause to be incorporated under the laws of the Province of British Columbia, a company to be known as the Wenner-Gren Development Co., Ltd.

The principals, for the purpose of the railway development aforesaid, shall cause to be incorporated under the laws of the Province of British Columbia, a company to be known as the Alweg (B.C.) Railway Company.

Railway construction by the said railway company shall commence during the second quarter of 1960.

The principals shall cause the Wenner-Gren B.C. Development Co., Ltd., to survey the water resources of the proposed area of development with the object of hydro development, such survey to be contemporaneous with rail and forestry surveys mentioned above; the result of such survey of water resources to be filed with the Comptroller of Water Rights, Department of Lands and Forests of British Columbia.

In conjunction with settlement in the proposed area of development the development company shall cause to be furnished school and hospital accommodation to standards prevailing in British Columbia in accordance with necessity, and to provide that portion of capital and operating costs therefor ordinarily raised by local taxation, and further to provide technical school facilities in the said region.

* * *

As evidence of bona fides in the foregoing stated intentions, the principals shall deposit with the Minister of Finance of British Columbia the sum of five hundred thousand dollars ($500,000) to be held by the said minister in such form or forms as may be agreed to from time to time by the minister and the principals hereto; the said sum to be returned to the principals upon furnishing of evidence satisfactory to the minister of expenditures by the Wenner-Gren Development Co., Ltd., or other companies contemplated hereunder, of the amount of five million dollars ($5,000,000).

In the event that plans and undertakings proposed are not satisfactory the sum of five hundred thousand dollars ($500,000) deposited with the Minister of Finance shall be returned to the principals and they shall thereupon be fully released and discharged from any commitment hereunder.

The government of the Province of British Columbia shall forthwith cause a reserve to be placed on the lands and timber comprised in the proposed area of development, with the intent that right to certain of the lands and timber shall be granted to the principals, or companies contemplated hereunder, upon appropriate applications being made therefor under the relevant statutes, subject, however, to the furnishing of satisfactory plans and undertakings for the development of the resources referred to in this memorandum.

This memorandum shall not be interpreted as restricting the parties of the first part from acquiring mineral rights in the proposed area of development in the manner prescribed by the relevant statutes of the province.

In witness whereof the parties hereto have hereunto set their hands and seals at Victoria, British Columbia.

The memorandum is dated November 16, 1956, and was signed by Messrs. Strid and Gore and Premier W. A. C. Bennett as Minister of Finance, in the presence of E. M. Gunderson and Hon. Ray Williston as witnesses.

The Truth Will Out

(From The Toronto Globe and Mail)

WHATEVER the ultimate fate of the Hobbema Indians' petition to the Queen, it has smoked out from no less an authority than the prime minister a formal statement of what the Dominion government thinks of the law—any law—which doesn't happen to meet its approval. It was, of course, typical and illustrative rather than precedental. But as a sign of the whole cabinet's bland contempt for Parliament's enactments, and its condescending tolerance of Royal prerogative, it may take some beating.

Canadian democracy has reached a stage, said Mr. St. Laurent in the Commons, where the provision in the Act of Settlement regarding appeals to the Throne is no longer appropriate in regard to some kinds of petitions.

So that is that. Implicitly, then, the cabinet or any member of it can disregard or discard any statute or clause thereof at will. Not, mark well, because it is deemed invalid (a question normally left to the courts to decide) simply because it is not convenient. Well, if this frequently invoked law is no longer "appropriate", why isn't it brought before Parliament to be either amended or repealed?

Mr. St. Laurent says the constitutional practice is for the governor-general to refer such a petition to the minister concerned, since he "does not act without the advice of his ministers". Such was the procedure with the Hobbema petition. Then why wasn't the advice given as and when it was asked for? The petition had already been kicking around for ten days.

Does a Royal request concerning subjects' rights merit any priority any more? Was it quietly assumed that if this petition was pigeonholed long enough the governor-general would forget all about it? Was it decided by somebody that this was none of the Queen's business? That seems to be the case, per Mr. St. Laurent: "When a petition is sent to Government House for transmission to Buckingham Palace, that is not the Queen's mail."

Then whose mail is it?

"Canadian democracy has reached a stage . . ."

Fun, Fact and Fiction

The Packsack

of GREGORY CLARK

ONE of my occasional fishing companions is a man who was perhaps slightly too old to go to the last war, and who succeeded in making quite a little pile of honest capital during the war years. With this capital he soon after the war became a man of real wealth by investing it shrewdly in industry during the recent years of abundant prosperity.

Very sensibly he determined to retire from business early in life; and now in his early fifties he is a man who comes and goes as he likes, with not the slightest fear of losing his fortune.

But his children, in their late teens and early twenties, are giving him far more headaches than he ever suffered during the amassing of a couple of millions. I was present at a conversation between him and another, older businessman, who has definitely not retired.

The problem of the children was raised.

"They haven't," declared the father, "the least get up and go to them. All they want to do is play, or lounge around. Honestly, I am worried about their morals, because their whole conversation is about how smart they are in putting something over on us, their parents, or over their companions. It is hair-raising to hear them. . . ."

The older man cut in.

"The reason I haven't retired," said he, "was largely that I wanted to demonstrate to my children how hard a man has to work. Don't think I wasn't tempted, in my early fifties, to get out of the rat race. But my children were just at the age at which they had to choose their way of life. I worked harder then, as a daily, hourly, family example to them, than I did at any stage of my career.

"And don't forget," he said carefully to the younger man, "that as small children yours probably had to listen—every day, at every meal, and in the living room, until they were sick of it—to you relating to their mother how smart, how shrewd, how really tricky you had been that day. Remember one thing: all the schooling and learning in the world hasn't the effect on a child that the behavior and mind of its parents have."

I think my fishing friend is going back to work.

Letters to the Editor

No Charity Grant

The following is a statement issued by Mr. Charles A. Clark, DCM, national president of the Hong Kong Veterans' Association, in answer to a news item printed in The Daily Colonist dated Ottawa, Jan. 17, 1957, which read, "Canadian PoWs reported paid more than their share."

This news article is misleading as it infers that the Canadian government paid to former Japanese PoWs $1 per day for each day of imprisonment. This is not right and we have documentary evidence signed by responsible ministers of the Crown to prove the following facts:

At the termination of the Second World War the Canadian government held over $6,000,000 of Japanese assets.

In 1949, after receiving advice from the War Claims Commission of the United States that all PoWs had legal claim against any enemy government where mistreatment could be proven while they were prisoners of war, we immediately contacted the minister of veterans' affairs, Hon. Milton Gregg, and informed him that we would make a claim for reparation within the terms of international law laid down by the Geneva Treaty of 1929; also a signed agreement made by Japan and Canada at the Japanese legation in Berne in Feb., 1942, regarding the treatment of prisoners of war.

Because of the continued delay in making a decision in this matter, in the year 1951 we sought legal advice from Hon. Arthur Roebuck, QC, and Mr. Frank Power, MP, and through them successfully established our claim, which was paid out of enemy assets held in this country. The true record will prove that the Canadian taxpayer has not paid one cent to the former Japanese prisoners of war, but, ironically enough, the Canadian government has paid out millions of dollars since 1945 for the repatriation, relocation and general welfare of many alien nationals who were our former enemies.

We, the Hong Kong Veterans' Association of Canada, wish only the respect of the Canadian people. We seek no charity grants and we ask only for that which we are entitled to under international law and the Veterans' Charter.

CHARLES A. CLARK, DCM,
President,
Hong Kong Veterans' Association.

Mount View Additions

On page 22 of the Colonist of Wednesday, Feb. 20, is a small item which states that construction of the $140,000 additions to Mount View High School started Monday (four classrooms and a lunchroom).

It seems to me we are going to vote on this March 9. Nothing like getting a good early start. If construction is going ahead anyway why got to the expense of voting on it?

JOHN M. JAMIESON.

2370 Pacific Avenue, Victoria, B.C.

Editor's Note: Mr. Jamieson is in error. The project he refers to was included in the by-law presented in December because the city council had refused to allow transfer for that purpose of a surplus from the previous building by-law. Since then the city has reversed its stand; consequently this item has been removed from the by-law to be submitted March 9 and the work is being done out of an unexpended balance from the earlier by-law.

Astounding Concept

Hon. James Sinclair is reported to have said at a meeting which nominated his former personal assistant as Liberal contender for the Esquimalt-Saanich seat in the House of Commons: "There is no doubt that the Liberal government is going back, so each riding has the choice of having as its representative a friend of the government or a carping critic."

What an astounding conception of our system of government! The implications are:

(1) All ridings, in their own interests, should have as members a friend of the government. If all voters were to swallow this idea consistently we would have forever a one-party government. We have already allowed ourselves to come too close to that.

(2) All critics carp. One meaning of this verb is "find fault." When criticism is ruled out, as it doubtless is in Mr. Sinclair's mind, our system of parliamentary government will have disappeared. May that day never come.

It is for the voters to choose between election of the candidate sponsored by Mr. Sinclair and a candidate in the person of Maj.-Gen. Pearkes, if he runs again, who, in my opinion, has rendered fine service to Canada and his riding by being a critic of the present government at Ottawa.

B.C. in Little Danger

The North American continent was developed by private interests who raised their own capital, made their own decisions and have finally made it possible for 184,000,000 people to enjoy the highest standard of living on this earth. The growing trend of showering abuse on those who built our society and are still the authors of our present prosperity will, in due course, bring its own punishment.

British Columbia is in little danger from any of the companies which enter this province. Half the profits made by large-scale businesses are taken in taxes at present. The civil power is in complete command of the situation. It must not be forgotten that "the power to tax is the power to destroy."

Our real troubles will come when the keen, energetic, thrusting individuals who are the governing element in the field of economics are strangled by red tape and taxes as they now are in Britain.

Weatherman tells how forecasting has progressed

"The immense increase in aviation has necessitated development of new techniques in weather forecasting," says Herb E. Chadburn of the Meteorological Branch of the Department of Transport.

"From a far-flung network of weather stations, information regarding both upper air and surface conditions is teletyped to central forecast offices. Here it is analyzed and used as the basis of forecasts," continues Mr. Chadburn. "Forecasting today benefits not only aviation but farming, shipping, forestry and many businesses and government agencies dependent upon the weather."

In forecasting for their personal futures, men like Mr. Chadburn benefit from progress in another field . . . *life insurance.*

In planning your life insurance, you'll find your life underwriter more helpful today than ever before. He constantly seeks a broader knowledge of the individual needs of families like your own. With today's *more flexible* protection, he can help shape *your* life insurance plans so that they provide money for your children's education, for your own retirement income, or for other worthwhile objectives.

In these and many other ways, the life insurance companies have progressed with the times.

Additional training for life insurance advisors is now provided by a voluntary 2-year course stressing the study of individual needs. Following this, an optional 3-year University Extension course is offered, leading to the degree of C.L.U. (Chartered Life Underwriter).

Fear Prompts Action On Forbidden Plateau

COURTENAY—Fear that the Forbidden Plateau may be destroyed by logging for pulp mill wood has prompted the Courtenay-Comox Chamber of Commerce to make another plea for its inclusion in Strathcona Park.

Strathcona Park is so inaccessible it probably will not be developed for 100 years, G. Chambers, operator of the Forbidden Plateau Lodge, told members.

For a few thousand dollars the area west of Buttle Lake and the Forbidden Plateau can be opened as adjoining parkland with riding trails and footpaths, he said.

A letter will be sent to Premier Bennett, with copies to Dan Campbell, MLA, Minister of Lands and Forests Ray Williston and Minister of Trade and Industry Earle Westwood.

CUMBERLAND—City council has approved the drafting of an $80,000 money by-law for extension of the water system to connect with the Royston line.

Record

School Budget Passed

NANAIMO—The 1957 school budget was raised by nearly $225,000 at Wednesday's meeting of trustees of School District No. 68—and not a word was said.

The budget, passed in 10 seconds, almost went unnoticed until finance chairman Sandy MacKay handed round papers containing the estimated expenditure — $1,632,116 — which turned out to be an all-time record.

Later, Mr. MacKay said teachers's salaries, recently boosted by 8.6 per cent, and increased capital expenditures, were responsible for the increase on last year's actual expenditure of $1,407,181.

City council said Monday their share would be increased to nearly $55,000.

Budget has yet to be passed by the B.C. department of education.

JOHN SQUIRE, MLA

Legislature 'Beef'

Muchalet Arm, Tofino Roads Progress Slow

Concern over slow progress on the Tofino Road construction and "no" progress on the Muchalet Arm Road was expressed in the legislature yesterday by John Squire (CCF, Alberni), speaking in the Throne Speech debate.

Indications are that the Tofino Road, which he said has been "in the making for 60 years," should be completed by July 1 under terms of forest management licences issued to B.C. Forest Products and MacMillan-Bloedel, he contended.

Although both of the companies have made considerable progress on the road, he said, the road could not be completed because it would be an "impossible task" for the government to have the centre section, which it is undertaking, completed by the agreed date.

He said he realized that the companies' sections had to be completed before the government could reach their own section with building equipment, "but this doesn't relieve the highways minister from his responsibility."

It was up to the minister, Mr. Squire said, "to insist that the other parties to the agreement made sufficient progress . . . so that the government could have lived up to its promise to the peoples of the Albernis and the Tofino-Ucluelet area."

On the Muchalet Arm Road, he said that to date there has been no word of any progress whatsoever, except that section of the Tahsis Road that has been extended to the eastern boundary of the timber holdings.

He said there is only a six-to-eight mile gap between the Tahsis Company road and the Elk River timber road, presently being used by the B.C. Power Commission.

Members of the Hague, he said, fail to realize what the lack of access means to the isolated peoples of the West Coast.

"There is enough death in the logging industry today without us ading to it by not providing roads," he said.

For Liquor

Search Of Car Legal

NANAIMO—Dismissal of a charge of obstruction against Eldon Carl Adams was not brought in on the grounds that police had no right to search a motor vehicle, Magistrate Beevor-Potts said yesterday. Adams appeared in court Wednesday.

In Victoria officials of the attorney general's department said that under section 105 of the Liquor Act any vehicle may be searched by police, without a warrant, if there is reason to suspect the presence of liquor unlawfully.

Air Rescue Refused

Owner Flees Blazing Troller

CAMPBELL RIVER—Duncan McKay of Lasqueti Island escaped in a dinghy yesterday afternoon when his 40-foot troller exploded and burst into flames in Bakers Pass south of Cortez Island.

A.B.C. Airlines plane, piloted by David Stornach, flew to [illegible] refused to board the plane saying he wished to see the end of his boat.

He told the pilot there had been a backfire in the cabin and then a big blaze. He was helpless to do anything because he had 400 gallons of gasoline on board his troller and though it wise to abandon it.

Late last night he was on uninhabited Hernando Island with his gun and a few belongings he was able to rescue. He was to be taken to Lund by water taxi.

The still-smouldering boat was beached and will later be towed to Lund, although it is believed to be a total loss.

Jury Rules Boy's Death Accidental

WAYNE CLIFFORD
. . . died at play

Verdict of accidental death was returned yesterday by a coroner's jury inquiring into the death of Wayne Lionel Clifford, three-year-old son of Mr. and Mrs. C. C. Clifford, 1145 Palmer.

The child died instantly Tuesday when run over by an oil fuel truck near his home.

Evidence at the inquest, given under protection of the Canada Evidence Act, was that the oil truck driver, Barry Harold Kaehn, 1063 Costain, Langford, was about to make a delivery to the house next door, 1141 Palmer. This could have been done from the driveway of either house.

When the driver saw the Clifford boy riding his tricycle in his own driveway, he went on to the second, and backed in.

It was not until he got out of his truck that he discovered the boy had followed the truck and had been knocked down by the big vehicle.

Funeral services for Wayne will be held Saturday at 3 p.m. at McCall's funeral home, scene of the inquest. Elder E. E. Duncan will officiate. Burial will be in Royal Oak Burial Park.

Killer Awaits Fate

B.C. Court of Appeal has reserved judgment in the appeal of Edward Eaton of Langley against conviction of murdering Caroline Moore, aged eight, last April 26.

No indication was given as to when judgment would be handed down.

Eaton was found guilty in December by an Assize Court of beating the girl to death and leaving her body in a sack by a road outside Langley.

Action of the appeal court, over which Mr. Justice Sidney Smith presided, followed a plea by defence counsel Norman D. Mullins of Vancouver for a new trial.

Sentenced to die on March 12, Eaton will return to Oakalla's "death row" to await the court's decision.

DUNCAN—A 5 per cent increase in salaries has been granted to 99 teachers of School District 65 (Cowichan).

The increase means that salaries will cost the school board $25,000 more than the $369,000 which the board paid in 1956.

In addition to the $25,000 increase, there will be salaries for an additional 12 teachers which the board will have to budget to staff the new Bonner Secondary School and other schools which will be completed before the September term starts.

GENERAL ELECTRIC
AUTOMATIC FILTER-FLO WASHER
WITH ALL OTHER MAKES!

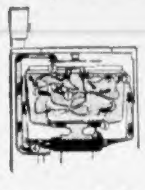
READ YOUR WAY TO THE CLEANEST WASH OF YOUR LIFE

THE WORLD'S MOST MODERN AUTOMATIC WASHER

Only clean water can wash clothes clean. Filter-Flo by General Electric actually cleans the water as it cleans your clothes. Lint, sand, soap and scum are constantly being filtered away while your clothes are being washed. Don't wash dirt into your clothes—wash dirt out with G-E's modern Filter-Flo Washer.

This great advance in automatic washers is yet another example of General Electric's constant efforts to bring you tomorrow's engineering today. Every day, extensive research is going on in the G-E laboratories; research that creates the best possible product at the lowest possible cost for you. That's why, when you buy any G-E Automatic Washer you know you're buying the finest — the most modern — the greatest value for your money.

READ YOUR WAY TO THE CLEANEST WASH OF YOUR LIFE

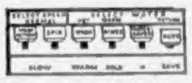


G-E FILTER-FLO WASHER ACTION

1. Mighty Activator action removes the dirt from clothes. 2. Filter-Flo removes the dirt from the wash water. Lint, soap and scum are carried out of the washbasket as water continuously overflows into outer tub. 3. Sand and silt are forced out at bottom of washbasket. 4. Pump continuously circulates water up and through filter. 5. Cleansed, sudsy water flows back into washbasket.

G-E CONTROL DIAL

Simply dial the required washing cycle for all types of fabrics. Both normal and short cycles are on the one dial. Choose from one to fifteen minutes for normal wash—one to four minutes for delicate fabrics.

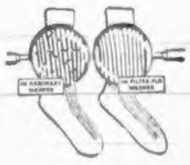


G-E CONTROL PANEL

Allows you to give fabrics the exact amount of washing action needed. Gives the correct spin speed — temperature — hot or cold rinse. And the G-E Suds Return Control allows you to save hot, sudsy water and re-use it again.

FILTER-FLO

Removes lint, sand and soap scum. Full tub circulates and filters at the rate of six gallons every minute. Before lint can settle on your clothes, before washed-out dirt can get back in, they're caught in the removable filter.



LINT-FREE

Here's proof positive. After 7 washings in an ordinary washer, the sock at the left was flecked with unsightly lint. After 7 washings in the G-E Filter-Flo washer, a similar sock (right)—washed in identical, lint-producing load—showed practically no lint!

Wings Hold Canyens to Tie, Move Closer to NHL Title

Montreal Canadiens' hopes of overhauling the Detroit Red Wings in the closing stages of the National Hockey League schedule suffered another setback last night when they were forced to settle for a 3-3 tie with the Wings at Montreal.

The tie was almost as good as a victory for the Wings, who maintained their eight-point margin over the Habs and still hold one game in hand. Montreal has only 13 games left to make up the deficit, and any combination of nine Detroit victories or Montreal defeats will give the Wings their eighth NHL title in nine years. The teams play each other only three more times.

	OP	W	L	T	OF	OA	Pts.
Detroit	58	32	13	11	167	120	75
Montreal	57	28	18	11	169	125	67
Boston	57	27	20	10	153	145	64
New York	57	21	26	10	148	160	52
Toronto	57	17	27	13	132	153	47
Chicago	58	12	33	11	131	177	35

Last night's score: Detroit 3 at Montreal 3.
Next games, Saturday: New York at Montreal, Boston at Toronto; Detroit at Chicago.

At that, the Habs had to rally in the dying minutes to even come out with the tie. A crowd of 14,011 whooped with joy when Henri (Pocket Rocket) Richard drove the puck past goalie Glenn Hall at 18.09 of the third period after the Wings had taken a 3-2 lead minutes earlier.

SCORING BUNCHED

The Richards, Maurice and Herni, accounted for all Montreal's goals, while Detroit's production-line twosome of Gordie Howe and Ted Lindsay looked after the scoring for the Wings.

Howe maintained his two-point lead over Lindsay in the individual scoring race, picking up his 37th goal and a pair of assists for 74 points. Lindsay got Detroit's two other goals, his 26th and 27th, and assisted on Howe's effort for 72 points. Third-place Jean Beliveau of the Habs went pointless, and is now seven points off the pace.

The teams traded goals in a cautious first period, Maurice Richard getting his 25th at 8.37, and Lindsay replying 12 seconds later. The Pocket Rocket gave Montreal a 2-1 lead with the only goal of the second period, but Howe tied it up at 12.42 of the third, and Lindsay put Detroit ahead at 13.05.

Detroit appeared well on the way to its first win on Montreal ice this season when the two Richards drove deep into Detroit territory and Henri slapped in a rebound shot by Maurice. Previously the Wings had lost four times and tied once at the Forum.

Hall handled 20 shots in the game, and Jacques Plante blocked 15 for Montreal.

It was just a year ago, almost to the day, that Montreal downed Detroit, 5-1, at the Forum to clinch their first league title in 10 years.

Cougars Make Line Changes Against Stampeders Tonight

Victoria Cougars, who have reached the stage where every game they play is a crucial one in their battle for a playoff berth in the Western Hockey League's coast division, host Calgary Stampeders tonight at Memorial Arena in what will be "Lions Night."

Cougars, three points out of third place in the western division, will be meeting the Stamps for the sixth and final time this season, and this one will be the rubber match of their series.

The Cougars have lost 3-2 and 1-1, and tied 3-3, in games played at Calgary. However, they have had better luck at Memorial Arena where the Stamps have yet to score a goal. Marcel Pelletier blanked the Albertans, 1-0 and 3-0, in their two previous appearances.

Stampeders, who have won only once in three tries on their final western tour, will ice a lineup that includes some of the league's top veteran performers and one of the outstanding first-year players in the two divisions.

Top scorer on the club is veteran centre Sid Finney, currently holding fifth place in the league scoring race with 65 points on 36 goals and 29 assists. Milan Marcetta, almost a cinch for rookie-of-the-year honors, has 23 goals and 20 assists. Added scoring punch is provided by Archie Scott (17-23), Enio Sclisizzi (16-21), and Dave Duke (19-17).

Coach Colin Kilburn of the Cougars has shuffled his lines for tonight's game, splitting up the Kilburn-Anderson-Macauley unit for the second time this season.

Macauley will play on a line with Wayne Brown at left wing and Ray Powell at centre. Anderson and Kilburn will stay together, with Don Chiupka moving to right wing for Macauley. Third line will remain the same, putting Larry Leach at right wing, Gordie Haworth at centre, and Bruce Carmichael at left wing.

Vikings, Tiremen Seek Island Titles Saturday

Victoria College Vikings and Dickinson & Dunn, two of the strongest contenders for provincial hoop honors produced in Victoria in recent years, meet clubs from Port Alberni at Victoria High School Saturday in the second games of two-game, total-point series for Vancouver Island championships.

Both the Vikings and Tiremen carry more comfortable leads into the final games after last week's trip to Port Alberni. The Vikings trounced Port Alberni, 84-45, in the opener of their junior men's series and the Tiremen downed Alberni Athletic "B's", 76-57, in the first game of their senior "B" playoff.

Winners advance to the provincial playoffs against teams from Vancouver. Victoria has not produced a provincial junior champion in the past nine seasons, and it has been even longer since a local senior "B" club has won a B.C. title.

Vikings play their game at 7.30, and the Tiremen and Alberni meet at 8.30.

OTHER GAMES

Two Alberni midget clubs will also play games in Victoria Saturday night.

First United's unbeaten pre-midget team, which won the provincial championship last season, will clash with the up-Island squad at 7.30 in the opening game of a two-game card at First United gym.

First United and Port Alberni midgets, the defending B.C. titleholders, will meet in an exhibition game one hour later.

Bays Meet Courtenay

Oak Bay High School will host teams from Courtenay High today and tomorrow in the up-Island school's annual sports "invasion."

Two basketball games are scheduled for tonight. The senior girls' teams clash at 7.00, and the senior boys play at 8.00 in the Oak Bay Junior High School gym.

The schools' senior soccer clubs will play Saturday morning at 10.30 at Carnarvon Park.

Crimson Tide Names McKechnie Cup Team

Victoria Crimson Tide opens its bid for the McKechnie Cup and provincial rugby honors Saturday afternoon when it hosts University of British Columbia in the first game of the annual competition at Macdonald Park.

Vancouver Reps, the third team in the series, will see action later this month.

Coach Doug Bray named his starting lineup for the game last night. Team captain Frank Gower will start at fullback, with Bob Hutchinson and speedy George Wilson on the wings. Gordie Hemmingway and Bob Abbott will play inside, Ray Calton will be at standoff, and Garry Webster is the scrum half.

Forwards will be Harry Turner, Gerry Sylvester, Stu Smith, Pete Fowles, Mike Kaye, Paul Beck, Bob McKee and Doug Graham. Reserves are Jerry Main, John Phillips and Ron Jones.

Game time is 3 p.m.

Ontario Takes Playoff To Win Dominion Title

WINNIPEG—Ian Johnston, 17-year-old skip from Kingston, took out Northern Ontario's shot rock with his final stone and stuck for an 8-7 Ontario victory early Friday morning in a sudden-death playoff for the Dominion high school curling championship.

The two rinks had finished the regular nine-draw schedule tied with records of seven wins against two defeats. Northern Ontario missed a great chance to win its first championship when it lost to British Columbia, 11-8, in the final draw. Ontario forced the playoff by taking a 6-4 decision from Nova Scotia in the ninth draw.

Johnston, who had deliberately blanked the ninth end to get last rock, came through a narrow port with a beautifully-weighted outturn to hit the Northern Ontario shot rock at the 12-foot ring dead-on and win the fourth playoff since the classic started in 1948.

SECOND TITLE

About 200 fans remained in the Winnipeg arena until almost 2 a.m. this morning to watch Ontario score its second victory since competition began. Saskatchewan, the defending champion and highly-favored to repeat when play started Monday morning, has won seven championships and Manitoba took the other one.

Johnston and his rink—lead Peter Galsworthy, 17, second Dave Robinson, 18, and third Mike Jackson, 18—were presented with the Sifton Trophy and rose bowls at the conclusion of the playoff. Rose bowls went to the losing rink—skip Carl Konefal of Port Arthur Collegiate, third Jim Sargent, 19, second Sandy Sargent, 15, and lead Bob Cressman, 16.

Each rink scored three twos and a single on the first eight ends to wind up deadlocked at 7-7. The dark, curly-haired Johnston, shooting in an open house on the ninth with last stone, deliberately hogged his rock for a dead end, giving him the all-important last rock coming home.

Johnston missed on his first attempt to get at the shot rock in the final end and Konefal put on a guard in front, leaving the Ontario shotmaker a difficult final throw but one on which he made no mistake.

British Columbia's rink from Kimberley, skipped by Bob Nesbitt, placed sixth but spoiled Northern Ontario's chances of victory. Nesbitt used two big ends to gain his victory over Konefal, scoring a five on the fourth and a four on the sixth.

Ontario played it safe against Nova Scotia and Johnston kept the house clear on the final end to protect his three-up margin in the low-scoring game.

SECOND LOSS

Ontario, which started Thursday's play in a first-place tie with Northern Ontaria, suffered its second defeat when it lost to New Brunswick, 8-7. Johnston missed an easy takeout with his last rock to give New Brunswick its victory.

At the same time, Northern Ontaria knocked Alberta out of contention by scoring a 9-7 victory with two coming home.

Saskatchewan and Manitoba wound up in a tie for third place, one game behind the Ontario rinks. Saskatchewan's rink from Saskatoon, skipped by Ron Paulson, lost its first three games but wound up with six straight victories by posting two easy victories yesterday.

Manitoba, represented by Virden Collegiate, also won twice yesterday.

Canucks Call Up Ashbee

Don Ashbee, playing-coach of the intermediate Nanaimo Clippers who has seen action with five American Hockey League clubs, will see action with the Vancouver Canucks tonight when they host Brandon Regals in a Western Hockey League game.

The scrappy forward, who played his last professional season in 1953-55 and was reinstated as an amateur after failing to stick with the Victoria Cougars, has been with Clippers for the past three seasons.

He played three games with Canucks at the start of the 1954-55 campaign before returning to amateur hockey.

It was a big moment for seven-year-old Edward Dvorak yesterday when the Seattle youngster received an autograph from Rocky Marciano, former world heavyweight boxing champion. Marciano will be a special guest at the Golden Gloves championships in Seattle tonight.—(AP Photofax.)

Nanaimo Rink Shares Lead In B.C. Women's Playoffs

NANAIMO (Special)—Three rinks, including one from the host Nanaimo Curling Club, were undefeated Thursday night after completion of the first three draws in the provincial women's curling playdowns leading to the Western Canada championships at Saskatoon next month.

Mrs. A. Miller's highly-rated Vancouver rink and Mrs. Min Holm of Nanaimo are tied for the "A" division lead with three straight victories. Mrs. T. Tegert of Salmon Arm heads the "B" division with three straight triumphs.

Final two draws will be held today with the section winners meeting in a sudden-death final in the T. Eaton Trophy event Saturday afternoon. Also scheduled today is the Collinson Trophy semi-final between Mrs. Miller and Mrs. J. McAllister of Vancouver, the winner meeting Mrs. M. Topham of Peachland in the final Saturday morning.

The two unbeaten rinks in the "A" division collide in today's first draw. Also in contention for "A" division honors is Mrs. Marg Fuller's Nanaimo rink, which won two of three games yesterday and meets the winless Chilliwack rink, skipped by Mrs. D. Weeks, in the fourth draw.

Mrs. Miller, one of three Vancouver rinks representing the lower Mainland, defeated Mrs. Weeks, 9-5, in her opening game; followed with a 12-10 victory over Mrs. K. Wright of Vancouver, and handed Mrs. Fuller her first setback with a 10-6 triumph in the third draw.

Mrs. Holm's surprising host club rinked nipped Mrs. Topham, 8-7, in the first draw, downed Mrs. Weeks, 10-7, and followed up with an 11-8 triumph over Mrs. Wright. The Nanaimo rink chalked up the biggest end of the day, scoring six coming home against Mrs. Weeks after trailing throughout most of the match.

Mrs. Tegert opened with a 9-7 victory over Mrs. A. S. Hansen of Kimberley; trimmed Mrs. D. Fisher of Kamloops, 10-5, and downed the highly-rated Vancouver rink skipped by Mrs. J. McAllister, 12-6, in the third draw.

Mrs. McAllister, the defending champion, and Mrs. G. McKilligan of Summerland are still in the running for "B" section honors with one victory against one defeat.

Gutoski Moves Along

Five Alberni Rinks Unbeaten in 'Spiel

PORT ALBERNI (Special)—Port Alberni rinks are more than holding their own in the fifth annual Alberni Valley Curling Club bonspiel, which wound up its second day of play here last night.

Going into last night's late draw, only seven rinks were undefeated, and five of them were from the host club. Only outsiders were Bob Fuller of Nanaimo and Tony Gutoski of Victoria.

Play had reached the quarter-final in the MacKenzie Trophy competition, one of two primary events in the five-day 'spiel, prior to the late draw. And it was expected that the other primary, the Colonist Trophy, would be out to the quarter-finals when that draw was completed.

In the eights of the MacKenzie Trophy are Jules Wenezenki, Ed Price, Frank Hunt, Cec Hooper, Bob Cummings and Ed Myers of Port Alberni, Fuller and Gutoski. Hooper later suffered his first defeat of the 'spiel in Colonist Trophy competition.

Warren Paul of Port Alberni was the only undefeated rink in Colonist Trophy early play.

Gutoski won twice in the MacKenzie Trophy competition, defeating Ed Valleau of Duncan, 8-7, and Ed Davis of Port Alberni, 11-4. Bob McIntosh of Victoria lost to Davis, 9-7, and F. Hunt of Port Alberni downed Jim Tang of Victoria, 7-6.

In Colonist Trophy play, two more Victoria rinks were eliminated. Bill McLean lost, 10-9, to C. Bell of Port Alberni, and Ray Bewell was defeated by Dave Dunn of Nanaimo, 13-12.

Mat Cards On Tuesday

Promoter Mike Bulat announced last night that beginning next week all professional wrestling cards in Victoria will be held on Tuesday night at the Victoria Ballroom.

This Tuesday's card will feature a double main event and two other bouts. Leo Numa meets the popular Regi Siki in the first main, and Cal Roberts takes on Buddy Knox in the second.

In the special event, Pierre Deglainne clashes with Alex Perez. Participants in the one-fall opener have not yet been decided.

Remember When:

The late Sir Malcolm Campbell set a world auto speed record of 272 miles an hour at Daytona Beach, Fla., 24 years ago today. Sir Malcolm later boosted it to 300 m.p.h. The present record of 394 m.p.h. was set by John R. Cobb on the Utah salt flats in 1947.

Player Suspended

The Pacific Coast Amateur Hockey Association has suspended G. Merovich of Vancouver Pilseners for the balance of the intermediate coast final between Nanaimo Clippers and the Pils.

Merovich was suspended for deliberately swinging his stick with intent to injure Nanaimo's Bill Sutherland.

Heaneys, Esquimalt In Cup Soccer Clash

Heaneys and Esquimalt, the two bottom clubs in the Victoria and District Football League, meet at Royal Athletic Park Saturday afternoon with the winner advancing to the semi-finals of the lower Island Province Cup competition.

Gorge Hotel won the first game of the competition last weekend, blanking Butler Brothers, 2-0. Eventual winner of the lower Island competition plays the up-Island winner for the right to enter the provincial playoffs in Vancouver.

Three district league games are scheduled Sunday afternoon, with all four teams currently tied for second place seeing action. Canadian Scottish and Butler Brothers clash at Central Park; Gorge Hotel takes on first-place Brodie's Bakery at Beacon Hill Park, and Tillicums play sixth-place Punjab United at Heywood Avenue Park.

One exhibition match is also scheduled Sunday. A team of Hungarians will play a Naval Laboratory squad at Victoria West Park.

All games start at 2 p.m.

Brentwood Hoop

Saanich Suburban Basketball League has scheduled three games at Brentwood Community Hall tonight.

Arrow Furniture and Sooke senior "C" men clash in the feature game at 9.30. Brentwood and Sooke pre-midget girls open the card at 7.30, and Sooke and Brentwood midget girls play at 8.30.

College Wins Rugby Trophy

Stu Smith booted two penalty kicks and a convert yesterday at Victoria High School to lead Victoria College to a 14-6 victory over Vic High in their annual sudden-death rugby match for the Kiwanis Cup.

Peter Bousefield and Doug Stewart added trys for the College squad, while Don Reid accounted for all Vic High's points on a pair of penalty kicks.

Sports Fishing Offers Pleasure, Contentment

B.C.'s Inefficient and Wasteful Industry

BY COURTNEY TOWER

Every fourth man in B.C. is a part of the province's most inefficient and wasteful industry . . . the main product of which is a yearly batch of gargantuan liars.

Barring temporary frustrations and nattering wives, none of the men consider giving it up.

It is sport fishing, "the most popular way of wasting time in the name of resources use," according to sunny-spirited Dr. Peter Larkin, director of the Fisheries Institute, UBC. He is here for the B.C. Resources Conference.

Applyng his own method of cost accounting, Dr. Larkin figured that each man of the one-in-four spends about $120 a year on his sport. Taking in everything, except "liquid refreshments and wife pacifiers,' he concluded that total expenditure approximates $25,000,000 a year.

About 7,000,000 fish are caught averaging a pound each. Just preparing to catch each one-pound monster costs $3.50. Time catching a fish . . . one hour . . . could be considered as costing $3.

After this average fish is caught "a great proportion of it goes rotten," Dr. Larkin says. "Another large portion of it is badly cooked. Another large portion is given to neighbors and its fate is difficult to assess.

"The ultimate cost of the sports fish as food is probably over $10 a pound," was his blithe comment. "To market it at a profit would be a challenge to any businessman."

But this resource costs the government about $200,000 a year to administer. It contributes $600,000 or $700,000 to the boat-building industry yearly, plays a large part in the annual $60,000,000 a year hotel, motel and auto court business, and $1,700,000 is spent yearly on fishing tackle and equipment.

It is the intangibles, however, that make the sport-fishing business important, besides the fact that "it gives the best opportunity for successful lying (telling a lie without getting caught)," he said.

"We spend money improving sport-fishing—not to invest to get a financial return—but to bring a greater measure of pleasure and contentment to the public at large," Dr. Larkin said.

"It is recognized now that outdoor recreation can perform an invaluable function in maintaining the mental and physical stamina of the human resources."

Every year more and more people are attracted to sport-fishing, Dr. Larkin said. Then he left . . . to go fishing.

Title Bout Tonight

Basilio Rules Solid Favorite

CLEVELAND (AP) — Carmen Basilio, one of the most popular modern era champions, rules a solid 13-to-5 favorite to whip Johnny Saxton, a hit-and-run artist, tonight in defence of his world welterweight title at the

The third meeting between these contrasting 147-pounders is expected to draw a crowd of 9,000.

Basilio claims the damaged right hand that forced postponement from the original Jan. 18 date has completely healed. In any event the champ's best punch is a solid left hook for he is a converted southpaw.

Victoria fans can watch tonight's title bout on channel 4 starting at 7 p.m.

In their first fight March 14 Saxton gained a unanimous but wildly-hooted decision. It was the second time Saxton had won the title.

Basilio, who admitted he was below par at Chicago due to a bout of flu, won back his crown Sept. 12 at Syracuse, N.Y., with a deadly punching barrage that gave him a technical knockout in 1.31 of the ninth round.

"I tried to fight the fans' fight," Saxton explained in his dressing room. "They don't want you to run."

Saxton insists he won't make the same mistake again.

"I don't care what the papers or the fans say about running, I want that title back," he said Thursday. "I'm going to box him this time."

Brooklyn Dodgers, who repeatedly warned New York City authorities that unless they have help in building a new stadium soon they will move their franchise, Thursday purchased the Los Angeles franchise in the Pacific Coast League from the Chicago Cubs.

Club president Walter O'Malley said he plans to operate the Los Angeles team in the PCL for the present but indicated again that the Dodgers may move out of Brooklyn. The Cubs got the Dodgers' Fort Worth franchise in the Texas League in exchange.

"In buying Wrigley Field, Los Angeles, we are re-investing baseball dollars in baseball," O'Malley said. "There's an element of protection for the future in this action."

The Dodgers recently sold their Ebbets Field home and their Montreal (International League) real estate for about $4,000,000. This money, O'Malley said, would be used by the Dodgers as their share of building a new stadium in Brooklyn.

Only 10 days ago, O'Malley said he would wait just six months to see whether the Dodgers were going to get a new stadium in Brooklyn. "Then I will have to make other arrangements," he said.

Asked about Los Angeles' chances of going big league, O'Malley replied: "It is my considered opinion Los Angeles will have major league baseball no later than 1960."

In purchasing the Los Angeles franchise, the Dodgers duplicated a move made by the Boston Red Sox, who acquired the San Francisco club in 1955, thus giving that American League team a foothold in the area if major league baseball ever branches out to the west coast.

CAT AND DOG SALE Continues!

What's a Cat and Dog Sale? It's a "GOOD RIDDANCE" effort on the part of a clothing merchant to shuffle off on the public . . . for peanuts . . . THE MANUFACTURER'S SINS; HIS OWN BUYING MISTAKES, etc. So the boss got a black and dirty pencil in his mitt . . . started SLASHING WITHOUT DISCRETION . . . meantime sobbing . . . "Some of this stuff is too good to be in this massacre." Well, it is . . . and what's more . . . IF YOU WANT A SUIT . . . TWO SUITS . . . A TOPCOAT . . . A JACKET . . . come in and grab it. Charge it! PAY NOTHING DOWN and the rest in SIX MONTHS . . . by weekly payments.

TOPCOATS

Pacific Coast Weights. What's your idea of a topcoat? Light or dark tones, light or medium weight, raglan or conventional set-in sleeves? What fabric? Blackthorn tweed, Donamara tweed, covert cloth, Donegal boucle, cashmere and wool gabardine? Your pick—CRAZY PRICE $29.95

Next Group . . . You couldn't tell the difference, but the boss goes nuts when he gets a black pencil in his sticky paw. Yours for only $38.95

Selected Group . . . and YOU couldn't tell the difference, and guaranteed to contain NO VICUNA ($700)—CRAZY PRICE $46.95

USE YOUR GOOD CREDIT DURING THIS SALE
NO DOWN PAYMENT — 26 WEEKS TO PAY

SUITS

Attention, Young Men . . . Big Brothers and Dads! Most beautiful stock of suits we have ever had, when the season opened . . . New York styles, British woollens, union craftsmen, all sizes. The sizes are shot . . . color choice is spotty. We didn't guess that charcoals would still be popular . . . We goofed! We'll take a licking!

HERE ARE SOME DARBS!

We're glad we hate 'em . . . because they look good and wear like a mortgage . . . but someone's bound to like 'em. We'll take our loss. Special: CRAZY PRICE $29.95

Boss doesn't like the color of these . . . cuts the price. You might like 'em . . . all-wool charcoals, tweeds, gabs, muted plaids. Next week you'll brag you paid $70 . . . who'll doubt you? Grab one. CRAZY PRICE $39.95

Here's some that should never have been in this sale . . . popular shades, styles, fabrics, almost complete range of sizes . . . maybe a little tame for hotshots; a little too colorful for pulpit wear. Were $55, $65, $75, etc. CRAZY PRICE $34.95

Next Group. Maybe these colors weren't so popular . . . maybe you'd look good in one. It's well worth a gander. CRAZY PRICE $49.95

SPORT COATS

This is a worse crime than anything the probe turned up . . . sports jackets in some variety of colors . . . tailored from British-loomed wool. These garments gleefully massacred to make a cat and dog holiday! CRAZY PRICE $14.95

The price is the craziest thing we can find about these jackets . . . all wool, tailored from brown, blue, grey and tan sheep. By the way . . . where do they get checkered sheep? There are some here. If you are an actor and shop in Vancouver you'd pay three times this CRAZY PRICE $21.95

SHIRTS!

It's no good cursing the manufacturer (we've tried that). He buys a cheap mess of cellophane bags . . . they bust . . . you soil 'em, and we have to offer these $3, $4, $5, $6 and up shirts (that one laundering would fix) for CRAZY PRICE $2.69

Attention, Sheriff . . . How About a Colorful Necktie Party!

Here's a raft of atrocities . . . OK . . . one man's meat . . . another man's poison. As cravats these brought up to $3.50 (we hoped), some never were worth more than a buck. OK, check . . . grab . . . and hold. CRAZY PRICE 89¢

A Smear of SPORT SHIRTS

Cotton, Nylon, Rayon, Burlap; crazy colors; buttons, zippers, safety pins, etc. CRAZY PRICE $2.95

FOR GUYS WITH LONG ARMS

Long-sleeve pullovers. Values to $15.95. Dirty, unstylish, gosh-awful colors, but all-wool, warm and cosy. CRAZY PRICE $5.75

During This Event . . . Pass List Suspended . . . No Trade-in Certificates . . . No Trips to Hawaii . . . But the Regular Credit Accommodation . . . Alterations Extra . . . No Down Payment — 26 Weeks to Pay.

Quiet Trading Leaves Market Little Lower

TORONTO (CP) — The stock market was a little lower Thursday at the close following a dull, listless session of extremely cautious trading.

Industrials recorded an index gain of a few decimal points but there were more losses than gains.

Base metals lost nearly a point on their index, which closed at a 1956-57 low of 202.84. Western oils were down more than one - half point on their index.

Observers said traders were dealing cautiously in view of the holiday in the United States Friday. Americans celebrate George Washington's birthday and the financial houses will be closed.

Industrials had a few outstanding gains. Goodyear Tire, after announcing a record net profit for last year, climbed six points to 167. Union Gas gained 1⅛ at 68½. Most other gains were fractional.

Senior base metals were lower in a fractional range.

Western oils moved in a narrow range. Central Explorers, on a light turnover, gained 65 cents at $4 while Jupiter advanced 17 cents to $1.97. Great Plains added 1⅜ at 39⅞ among higher - priced issues. Losses were generally confined to 10 cents or less.

Industrials Down

MONTREAL (CP) — Industrials were irregularly lower in moderate trading on the Montreal and Canadian stock exchanges yesterday. Price movements ranged generally under a point.

Aluminium led the decline among base metals, dropping a point at 112½, while International Nickel at 97 and Noranda at 48 both eased ¾. Papers were mixed in fractions.

Royal dipped ¼ to 56¾ while other banks held firm. Canadian Steel showed the only change in that division, losing 1 at 61. Oils, construction and miscellaneous dealings showed little change.

Mines were generally down. Orchan was ahead 5 at 32.

Shortened Week

NEW YORK (AP)—The stock market ended a holiday-shortened week Thursday with a decline that cancelled Wednesday's rise—the only one of the week.

It was a sluggish decline, unmarked by any particular selling pressure.

The normal hesitancy of traders to extend positions prior to a weekend was heightened by the Washington's Birthday observance yesterday when all U.S. stock exchanges will be closed.

The dubious situation in the Middle East was a dampener both in the New York and London exchanges.

A few selected issues made some wide moves. Generally, key stocks declined fractions to about two points.

Rising Canadian stocks included Canadian Pacific, up ¼, and Dome Mines, ahead ⅛. Dropping off were Aluminium Ltd., down 1¼, International Nickel, off ⅞, Hudson Bay Mining, down ½ and Distillers-Seagrams, ⅛ lower.

Turnover Down

VANCOUVER (BUP) — Prices turned mixed in reduced turnover yesterday on the Vancouver stock exchange.

Grain Prices

WINNIPEG (CP) — Most prices showed hesitation in a dull session yesterday on the Winnipeg Grain Exchange.

Commercial demand appeared strong only in flax where export houses were buyers. Trade reports indicated small sales of flax to Japan and the continent. Offerings were light hedges and commission house selling. Prices were steady.

Oats and barley prices were easier in thin routine trading. Both grains had poor commercial demand and received light domestic shipping support.

Rye selling was by American houses and others but support was not aggressive. Foreign demand for all Canadian coarse grains, except flax, continued dull.

There was no information on overnight export loadings of Canadian wheat.

Lakehead prices for class two, and IWA Nos. 3, 4, 5 and 6 were all down one cent from Wednesday. Other class two, IWA and domestic wheat prices were unchanged.

CHICAGO (AP) — Most grains held within narrow price limits on the Board of Trade yesterday but corn became weak late in the session.

March corn fell about 2 cents at one time on a sudden burst of selling which found the market thin in buying orders.

Wheat and soybeans advanced early but found it difficult to maintain their gains. New crop wheat had a firmer undertone than the old crop months.

Gasoline Tax Boosted

Ontario Hits Motorist

TORONTO (BUP) — Corporations and motorists in Ontario were hit yesterday by Provincial Treasurer Dana Porter who brought down a record budget of about $710,000,000 in the legislature.

Porter who budgeted for a surplus of $556,000, called for a two cent per gallon gasoline tax increase and a two per cent increase on corporation income taxes earned in Ontario.

The budget speech also said the province would surrender its Canadian Confederation-given right to impose personal income taxes. Ontario, however, took over from Ottawa the right to levy corporation taxes for the first time in several years. The province will also retain the levying of succession duties.

The corporation tax was raised to 11 per cent of net profits companies earn on their Ontario operations. The increase was backdated to Jan. 17. With 38 per cent tax levied by the Federal Government, corporations will pay a total of 49 per cent tax on net profits earned in the province.

Porter said the Ontario gasoline tax would become 13 cents per gallon, effective at midnight last night. The government will continue to refund the tax to farmers and commercial fishermen, as in the past.

The provincial treasurer estimated revenue from corporation taxes would top $160,000,000, the largest single source of revenue for Ontario's coffers. The gasoline and diesel fuel tax were to net $134,000,000 in the coming year. Liquor profits would give the province an estimated $65,600,000 while $63,000,000 would come from Ottawa.

Subdued Market

LONDON (Reuters)—A number of good spots appeared in a generally subdued London stock market yesterday. No definite trend was noted.

Small offerings of stock in a market lacking support brought further small, but widespread, declines to government securities. Colonial stocks were quiet with prices slightly easier.

Japanese bonds remained quietly firm in a slightly changed foreign section. Dollar stocks were lower.

Indecisive movements of a few pence were the general rule among industrials. Shipping share were firm and fairly active. Oils were higher.

Ottawa to Boost Municipal Grants

Canada House 26-storey structure being built on New York's Fifth Avenue will house all of Canada's governmental [illegible] are [illegible].

OTTAWA (CP)—Opposition speakers gave qualified support Thursday to a government proposal to extend the scope of federal grants paid municipalities in lieu of taxes on federal property.

[illegible] and Social Credit speakers [illegible] said the measure, expected to cost between $10,000,000 and $20,000,000 annually instead of the present $4,400,000, is a step forward but does not go far enough.

Finance Minister Harris, sponsor of the change, sat through the Commons debate on a resolution preliminary to introduction of the bill.

He has said the bill will provide for payment of the equivalent of full municipal rates on all federal property [illegible] receiving municipal services.

Grants now are paid only on federal property when its value exceeds 2 per cent of a municipality's total assessment. The [illegible] has excluded such cities as Toronto and Montreal.

TAX GRANT ISSUE

[illegible] M. Macdonnell (PC—Toronto [illegible]) [illegible] the opposition's financial critic, said there is no point in giving municipalities a [illegible] free.

He said there is no provision in the resolution for payment of [illegible] grants on property of Crown corporations. They should pay municipal taxes just as any others do.

Harold Winch (CCF—Vancouver East) said the resolution gives a bit of great assistance to municipalities. There had been a tradition that Crown property was exempt from taxation.

"This is a recognition by the government in meeting a need [illegible] that are [illegible] but not constitutionally necessary."

SECOND LOOK URGED

Municipalities were meeting responsibilities never contemplated when the constitution was drawn up. The time might be approaching when the articles of confederation [illegible] and municipal matters might have to be rewritten.

Mr. Winch said there is no central record of federal property holdings in Canadian municipalities, nor of their values.

"The government doesn't know its own properties nor their valuation." That was extraordinary.

Ambrose Holowach (SC — Edmonton East) said his party is prepared "to give every support and cooperation" to this measure [illegible].

He also said it does not go far enough and suggested that a [illegible].

[illegible] (CCF—Okanagan-[illegible]) said the federal government should re-establish the [illegible] Municipal Improvements Assistance Act for low interest loans to municipalities for local [illegible].

Business Tax Needed by City Study Group to Tell Council

MLA Claims:

Hours Laws Flouted

Exemptions from hours-of-work provisions in labor legislation are being made for industry in B.C. by the labor department, John Squire (CCF—Alberni) charged yesterday.

[illegible]

"In other words," the member said, "this section of our working force has no recourse to the labor department whatsoever should the employers openly flaunt the accepted hours of work provisions and practices of this province."

FAVORS EMPLOYERS

He suggested the minister, Labor Minister Lyle Wicks, [illegible] demands of the employer rather than to the requests of labor organizations."

Mr. Squire said the minister gave the go-ahead signal for [illegible] overtime in the logging camps last year.

"As a result," he said, "there was a longer winter shutdown than usual because of the over-production of logs during the better seasons of the year."

This concession to employers at the expense of labor cuts deeply into the economy of such regions dependent on logging as the Alberni, "where the economy goes up and down like a fiddler's elbow anyhow."

"The only reason some of these companies want to work overtime is not to give the workers a larger pay cheque," he said, "but rather to get as many logs in the water as possible . . . then shut down."

Curb Service Starts

A dry run is made by an unidentified motorist here at the post office's new curb mailing box on Government Street. First letter will officially go into the new box and be carried by conveyor belt to a sorting and distribution room at a 10 a.m. ceremony today. —(Colonist photo by Bud Kinsman.)

Sum Depends Upon Budget

City council's special committee on trades licensing will tell council in an interim report that it thinks a business tax should be instituted, it decided yesterday.

The committee will make no recommendation at this time on the formula for applying the tax [illegible]

It asked the city manager and other city officials to present a suggested formula at a future meeting, and came to the conclusion that budgetary needs would have to be known before it could recommend a sum to be collected.

[illegible]

MAIN POINTS

[illegible]

The chamber is not opposed to a business tax instead of trades licence to collect revenue as long as the result is to spread the tax load more equitably as between businesses.

[illegible]

ONE SECTION

[illegible]

Arnold Webb, secretary-manager of the Chamber of Commerce, called attention to a recommendation in the chamber report that a joint committee of aldermen and business representatives should study the basis of the business tax, the amount to be raised initially and the future nature of the trades licence.

He [illegible] **tion and that taxation should be imposed with the general consent of those taxed.**

Drill Team Donation Queried

[illegible]

The committee postponed [illegible] from the city solicitor.

The drill team has been invited to appear at the international convention of [illegible] San Francisco from June [illegible]

"It's a question of how far we [illegible] with what might be called [illegible] organizations."

Edgelow Stands Firm To Golby Rebuttal

School board chairman Humphrey Golby took issue yesterday with Ald. Geoffrey Edgelow over the alderman's statements on school needs and cost sharing. But Ald. Edgelow stuck to his guns.

The alderman said Wednesday that only 11.81 per cent of the school construction proposed in the $4,170,000 bylaw to be presented March 9 would be in Victoria city, but that the city would pay 53.21 per cent of the district cost.

Mr. Golby replied that the proposed school construction was a continuation of the program that began in early post-war years and that Victoria had received [illegible] per cent of all the new construction in the previous parts of the program for which the adjoining municipalities had paid fair shares. [illegible]

CLAIM CHALLENGED

Mr. Golby also challenged Ald. Edgelow's claim that Victoria [illegible] more schools. He said that 780 students were attending Central Junior High school, built to accommodate 780, and that an addition to Lansdowne Junior High School (in Saanich) would relieve the pressure. Already more than 250 city children were attending Lansdowne. An addition to Oak Bay Junior High School, he said, would draw students from the Foul Bay-Richmond area of the city.

"My answer," said Ald. Edgelow, "is that Victoria has paid **more than its share all along.** [illegible] **our share of the schools under** the previous programs, but when we got 47 per cent we were paying 60 per cent. It's [illegible]

He said it was also his belief that more children were coming to schools in the city from the adjoining municipalities than were going to schools in the adjoining municipalities from the city.

I believe this is the case for the relationship between Victoria and the adjoining municipalities [illegible]

Members of the present and past councils have [illegible] Victoria is carrying an unfair proportion of cost in the metropolitan area.

Once again the city is asked to take care of part of the burden of the municipalities **which have continually pointed** the finger of criticism at Victoria's financial operation and have appealed to prospective residents on the attractiveness of cheap taxes.

"Any municipality can offer cheap taxes if it doesn't supply adequate services."

'Sharing' Feelings Mixed

With varying degrees of enthusiasm Greater Victoria municipal representatives agreed yesterday to take to their councils a compromise proposal on sharing of the municipal portion of the cost of Royal Jubilee Hospital expansion.

[illegible]

Reeve Fred Norris of Oak Bay and Reeve A. C. Ansell of Esquimalt both said they were willing to recommend the proposal to their councils.

Reeve Arthur A[illegible] of Saanich agreed to submit it to his council.

Licence Rush Expected

Motor vehicle licence issuing offices throughout B.C. will remain open Saturday from 8.30 a.m. to 5 p.m. to accommodate the final week rush by motorists to purchase 1957 plates.

Deadline for affixing the new blue-on-white plates to cars and trucks is midnight Feb. 28, after which operators of vehicles not displaying the plates will be liable for police prosecution.

Hospital Adopts 'Open Visiting'

New visiting hours from 3 to 8 p.m. daily start today at Gorge Road Hospital.

Mrs. Florence Mattie, hospital administrator, said the "open visiting" would be on a three-month trial.

Royal Jubilee adopted the visiting hours last year but St. Joseph's and Veterans' Hospitals are still on the old schedule.

Mica Creek Job Believed Set For B.C. Electric

By PETER BRUTON

Perhaps the most important policy statement yet made on whether public or private interests will develop hydro-electric sources on the Columbia River was generally overlooked during the speech by Attorney-General Robert Bonner Wednesday night.

In effect, Mr. Bonner announced that the government favors private industry to do the job.

Carrying this still further, his statement contained a clear implication that the privately-owned B.C. Electric will receive the green light to build the proposed $300,000,000 Mica Creek dam—not the publicly-owned B.C. Power Commission.

For a long time now, ever since the project was first mooted, the opposition has been asking the government who will build Mica Creek. Their questions have gone unanswered.

Mr. Bonner did a lot to clear away the fog Wednesday.

Referring to the CCF arguments in favor of public power, the attorney-general said: "If the opposition ties its flag to that (public power) they should not be heard in future to make references to the contingent liabilities of the province."

In other words the opposition can't have its cake and eat it. On one hand they have been demanding that the B.C. Power Commission get the Mica Creek development, on the other they have criticized the government for the contingent liabilities—those borrowings of such corporations as the commission whose bonds are guaranteed by the province.

The government, said Mr. Bonner, guarantees the borrowings for such organizations as the Pacific Great Eastern Railway, the power commission, and the school boards.

Then came the key to his argument.

"If our friends want to place a development of this sort (Mica Creek) under provincial authority, perhaps they could explain what credit would be used for these other ventures?" he suggested.

He then asked whether the opposition would go so far as to suggest that money from revenue, at present being used for the construction of roads, bridges, buildings and other public works should be diverted in order that the commission could do the job.

"We want to know who will build Mica Creek?" demanded Ran Harding, the CCF member for Kaslo-Slocan.

There was no answer.

Surely it must appear as if the government has made up its mind that public power cannot do the job—even though it may mean consumers will have to pay more for their electricity.

The reason behind this is that an increase in the contingent liabilities of about $300,000,000 would be out of the question unless the borrowings of school boards and the PGE were able to be financed by some other source.

And if the money came from current revenue the construction of such necessities as roads, bridges, and public works would have to stop.

The government still maintains that no decision on who will get Mica Creek has yet been made, and won't be made until after the end of the Canada-U.S. negotiations over the development of the Columbia.

But despite such statements it would appear that the public-private power fight is virtually over, beneath the surface at least.

Provincial Council

Plans Appointment Of New Chairman

National health insurance for Canada was one of the topics suggested for study by Local Councils during the coming year by Mrs. G. W. Kissick, Provincial Council president, in her annual report yesterday.

Speaking during the second and last day of Provincial annual meetings, Mrs. Kissick said that other matters for attention will be the Canada Council, the report of the Gordon Royal Commission on Canada's economic prospects, the Fowler Commission report on Television and the Royal Commission which is studying the report on sex deviates.

Mrs. Kissick also suggested appointment of a chairman of economics for the Provincial Council.

"You will recall that in 1955 Provincial Council made a study of international trade. In view of Canada's 1956 record trade deficit with the United States and the prospects of Britain forming a European Trade agreement, it is felt that a chairman of economics in the Provincial Council is definitely indicated."

Mrs. Kissick then drew attention to International Council of Women meetings to be held in Montreal in June, to be preceded by Canada's National Council meetings.

During the year Mrs. Kissick reported she made four radio broadcasts and represented Provincial Council at various meetings and conferences.

Items on yesterday's agenda also included a panel discussion on "A Look at Automation." Panel chairman was Mrs. R. T. Gilmore and others taking part were Mrs. H. S. Armstrong, Mrs. G. W. Kissick, Mrs. J. R. McPhee and Mrs. B. Kane.

Reports of Local Councils and federated societies were continued, as well as reports of courtesy and registration committees.

Snub to China 'Unreal'

VANCOUVER (CP) Canada's refusal to recognize Red China is 'unfortunate and unrealistic,' a leading industrial economist said Thursday.

James S. Duncan, chairman of the Ontario Hydro Commission, said trade is a tremendous [illegible] and [illegible] in Canadian [illegible] China.

"Our refusal to recognize [illegible]

[illegible] ment of trade currents would be of great benefit to all of Canada, particularly B.C., currently hungry for markets for its timber wealth.

Mr. Duncan said Russia is stealing a march on the western world both educationally and economically. It was making an 'alarming' drive toward scientific education while the shortage of trained engineers and technicians in Canada and the U.S. [illegible] to a talk [illegible]

"Moscow University alone will graduate more than 10,000 trained engineers this year—more than will graduate in the U.S., Canada and the United Kingdom combined," he said.

The former board chairman of Massey-Harris-Ferguson Ltd., who toured Russia last year, said there must be larger grants to education from public and private sources in Canada.

Runaway Matador

Air Force Seeks Missing Missile

ALAMOGORDO, N.M. (UP) — A radio-controlled Matador guided missile ran away from the air force yesterday. It may have travelled 700 miles northwest into Wyoming before it crashed.

An unconfirmed report last night said the missile—which the air force said, did not carry an explosive warhead—crashed 60 miles northeast of Rock Springs, in sparsely-inhabited southwest Wyoming.

The Matador, called by the air force a "pilotless bomber" with a tactical range, is capable of [illegible] miles an hour. It is powered by a jet engine and launched from a trailer by means of rocket boosters.

Officials at Holloman air force base near Alamogordo in south central New Mexico said the Matador was launched yesterday for a routine test carrying research instruments.

It was supposed to go down within 100 miles, on the White Sands proving grounds. But a safety device malfunctioned, Holloman officials said, and the missile sped northward beyond its radio control.

The Matador outdistanced both a pursuing camera plane and a [illegible] jet. It was last seen 80 or 90 miles northwest of Albuquerque, heading for southern Colorado.

Hearts Tie Up Fortune

LONDON (Reuters) There are broken hearts in the London tie trade today, caused unwittingly by the Duke of Edinburgh.

When the duke arrived at Lisbon to greet the Queen at the start of the royal tour of Portugal, correspondents reported he was wearing a tie adorned with hearts.

Seconds later, says the London News Chronicle, an enterprising tie manufacturer switched his two factories from producing ties with a rock 'n' roll motif to a design featuring hearts. The orders came pouring in: 1,000 dozen the first day.

Then, said the newspaper, came bad news: the duke's tie had reindeer heads — not hearts on it.

Resources Conference

Humble Pulp Chip Now Profit-Maker

The Cinderella of British Columbia's swiftly-expanding forest industry — the pulp chip — is coming into its own.

The startling use to which a [illegible] uct is now being put was brought home to more than 200 delegates at the second of the three-day B.C. Natural Resources conference at the Empress Hotel yesterday.

They also heard how the industry has burgeoned and is expected to expand as well as the optimistic views expressed for the future of agriculture and fishing in B.C.

W. P. T. McGee, forester for Crown Zellerbach Canada Ltd., said the greatest increase in utilization of B.C. forests has resulted from manufacture of pulp chips from sawmill waste.

The total B.C. cut last year was 6,000,000,000 board feet. Pulp chips now manufactured which previously were lost add up to a measure of 500,000,000 board feet.

"Under existing lumber market conditions, income from pulp chip sales provides the margin in many cases between profit and loss for sawmill owners," Mr. McGee said.

INCREASED CUT

R. W. Wellwood, UBC forestry professor, predicted the timber cut in B.C. would jump from just over 6,000,000,000 board feet in 1955 to 10,700,000,000 in [illegible].

Agricultural products will find an increasing market in the rapid growth of B.C. while fishing industry production will be doubled in the next 25 years, other experts said.

Production of milk for drinking in B.C. will soar from 768,851,000 pounds annually to 884,000,000 pounds without any increase in dairy land, L. A. Atkinson, assistant general manager of the Fraser Valley Milk Producers Association, said.

The beef, poultry and egg industry has a bright future too, I. M. McCorgan, manager of Burns and Co., Vancouver, predicted.

A rapid growth of population but on a world rather than a provincial scale, will spark in [illegible] eries industry, E. L. Harrison, vice-chairman of the Fisheries Association of B.C., said.

Fisheries resources in B.C.: Total catch in 1955 was worth $80,000,000 and last year more than 12,000 independent fishermen received more than $35,000,000.

Dr. A. W. H. Needler, director of the Fisheries Research Board of Canada at Nanaimo, said B.C. takes only about 1 per cent of the world's annual fish catch. New sources of fish for the province must be found and the research board alone is spending $2,000,000 on that this year, he said.

TV TALK

By Bruce Lowther

Petition asking the CBC to solve Victoria's TV interference problem is doing "reasonably well," spokesman Fred Rawlings said yesterday.

To date most signatures are from the neighborhood of CHEK-TV, with 1,000 from the Blanshard area alone. House-to-house canvass [illegible] to take care of persons missed; the sponsors will soon announce downtown centres where the petition may be signed.

First count of signatures will be made this weekend. Canvassers still are needed and volunteers should phone 2-3597, 7-1123 or 1725[illegible]

Welterweight champ Carmen Basilio and ex-champ Johnny Saxton meet in a rubber match for the title tonight. It's 15 rounds or less at Cleveland and it's the TViewing high point of the day.

Roy Rogers' rodeo is also of interest; otherwise, take in the movies.

"Quit dubbing in laughter."

* * *

American networks are developing a habit of "speak previewing" shows on CBC before they run in the U.S. For example "Strictly Normal," a satire on advertising agencies, was "tested" on CBC-TV Theatre last weekend. Frank Capra's "Hemo the Magnificent," about circulation of the blood, will be "sneaked" in mid-March. The Capra show should be good, but "Strictly Normal" was an arty pain in the neck.

TV BITS: NBC Matinee Theatre, which was almost cancelled in its early days, now is top rated for the noon house . . . S. J. Perelman has signed to write the book for a 90-minute CBS-TV musical called "Aladdin" . . . "Without Incident," a forthcoming Playhouse 90 show, will become a series starting Errol Flynn next season if the CBS bosses like it . . . A California TV man visiting Britain found that commercial TV had 70 per cent of the audience, except for one hour when the figure fell to 33 per cent. It turned out the commercial network had a power failure in that hour and still one-third of the viewers stayed with it.

Today's Best

4.00 Local Girl Guides on Matinee (channel 6).

7.30 Actress Kim Hunter on Person to Person (channel 11).

9.00 Graphic's Joe McCulley talks to CBC personalities Cliff McKay and Ann Francis (channels 2 and 6). Rodeo at Houston, Texas, with Roy Rogers, Dale Evans, Trigger, Sons of the Pioneers (channel 4).

9.30 Celeste Holm, Gary Merrill in "Wedding Present" on Schlitz Playhouse (channel 11).

10.00 Terry Dale, Barney Potts and cohorts (channel 2).

Sport Specials

7.00 Carmen Basilio and Johnny Saxton for the welterweight title (channel 4).

Daily Astrology

FRIDAY, FEB. 22

Today's quotation: "Reading is to the mind, what exercise is to the body."—Addison

Friday for everyone: Make this a routine day. Use what you have instead of buying new things. Avoid waste or risks. Be conciliatory, sociable, resourceful for best results.

Look for Your Birthdate and Birthsign Below

March 21 to April 19 (Aries)—Be considerate about duties; think things through; be careful in transit and in legal matters.

April 20 to May 20 (Taurus)—Brush up skills; live [illegible] methods.

May 21 to June 20 (Gemini)—Stress fundamentals; be adroit in business; don't be led beyond your depth in associations with others.

June 21 to July 22 (Cancer)—Keep yourself busy with routine items; use dietary, health discretion. Attend to wardrobe.

July 23 to Aug. 22 (Leo)—Protect assets; analyze accounts; play safe. However, seek some relaxation, pleasure.

Aug. 23 to Sept. 22 (Virgo)—Stress courtesy, tact, don't err in basic items or with elders. Keep projects on even keel.

Sept. 23 to Oct. 22 (Libra)—Seek privacy, better methods; check words, gossip. Keep sources of information open.

Oct. 23 to Nov. 21 (Scorpio)—Be discreet regarding friends; don't tie up assets; accent thrift.

Nov. 22 to Dec. 21 (Sagittarius)—Be attentive to business, domestic responsibilities; check faults; be restrained.

Dec. 22 to Jan. 19 (Capricorn)—Recheck plans, use care en route; re writings; dispel fears, worries. Get some rest.

Jan. 20 to Feb. 18 (Aquarius)—Be careful about accounts, money matters, belongings; enjoy some sociability with friends.

Feb. 19 to March 20 (Pisces)—Adjust to contacts, protect prestige, credit, business interests; be diplomatic.

Planning ahead—Good for entertaining, sociability, etc.: Feb. 22, 23, 24, 25, after early morning of 26, evening of March 1, 3, evening of 4.

IN SUMMER it's another story. Today an Eskimo wouldn't swap his igloo for half the houses in Victoria. And furthermore, prices will be higher this summer. It's automatic—bread will be higher, too. Here is a place where you can stay out of your parka all year round. It has three bedrooms, a bottle-tight basement, it's on five acres of beautiful land with nine outbuildings, only 12 minutes' drive from city centre. The price is $12,000

And the land alone is worth it.

QUEEN ALEXANDRA SOLARIUM FOR CRIPPLED CHILDREN

TAKE NOTICE that the Annual General Meeting of QUEEN ALEXANDRA SOLARIUM FOR CRIPPLED CHILDREN will be held at THE EMPRESS HOTEL, VICTORIA, B.C. on Monday the 11th day of March, 1957, at the hour of 2.30 p.m. for the purpose of transacting the following business:

1. Election of Directors.
2. Receiving and dealing with the report of the Board for the past year and the Balance Sheet and Financial Report of the affairs of the Society up to the 31st day of December, 1956, audited and signed by the Society's auditors.
3. Appointing auditors for the ensuing year.
4. Ratifying and confirming all acts and proceedings of the Board since the last Annual General Meeting.
5. Such other business as may properly be brought before the meeting.

AND FURTHER TAKE NOTICE that the said meeting is also convened to consider and if thought fit pass the following resolution, with or without amendment, which will be proposed as an extraordinary resolution:

BE IT RESOLVED:

"That Clause 3 of the Declaration dated the 27th day of February, 1928, setting forth inter alia the objects of Queen Alexandra Solarium for Crippled Children made prior to the incorporation of the said institution as a Society under the provisions of the 'Societies Act,' Revised Statutes of British Columbia, 1924, Chapter 236, and Amending Acts, be and the same is hereby repealed, and that the following be substituted therefor, namely:

3. 'The operations of the Society to be chiefly carried on in Shawnigan District and/or in Gordon Head District, Vancouver Island, in the Province of British Columbia.'"

BE IT FURTHER RESOLVED:

"That there be added to the said Declaration as Clause 4 thereof the following as one of the objects of the Society, namely —

'The Board of Directors of the Society shall be empowered to invest the moneys of the Society not immediately required in any of the investments authorized under Part III of the 'Canadian and British Insurance Companies Act,' Revised Statutes of Canada, 1952, Chapter 31 and Amending Acts for insurance companies registered under the said Part III of the said Act.'"

BE IT FURTHER RESOLVED:

"That all that part of By-law No. 4 of the By-laws of the Society immediately following the words 'Securities Act' where they appear in the said By-law Number 4 be and the same is hereby rescinded."

DATED this 1st day of February, 1957.

BY ORDER OF THE BOARD
JOHN S. HOLDSTOCK,
Secretary.

Pussy's Away —Rats!

POMPTON LAKES, N.J. (AP)—This suburban community is finding out the hard way the truth of the old saying, "When the cat's away, the mice will play."

Several weeks ago, the borough council passed an ordinance licensing cats. Cats without tags were taken to a cat pound.

Now the council is told rats are over-running the community.

LONDON (AP)—Don't wear a watch with luminous dials to bed, the British Medical Journal advised Thursday.

There is a "small, genetical risk" from radiation, it said, and the hazard increases if the crystal is broken.

CONFIDENTIALLY YOURS

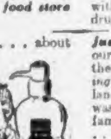
—by Byrne Hope Sanders

MONTREAL, Feb. 21st—Be good to yourself! Take time out occasionally from the turmoil of the day's busy-ness! Enjoy a cup of refreshing New INSTANT CHASE & SANBORN COFFEE and *relax* for a few moments. I've found that the most charming, and the most talented people are usually those who enjoy the good things of life—So let's have a cup—now! See the rich coffee color that means *real* coffee flavor—a flavor which Chase & Sanborn Coffee experts have perfected. The result is an Instant Coffee with all the full-bodied richness of 100% *real* coffee. It's *truly* delicious.

You'll Be Grateful For This Tip. I'm certain! Order some of the new McCORMICK'S CLUB CRACKERS . . . inside every box you'll find a booklet, "Hostess Hints"—cute and unusual ideas for mixing spreads that will win you fame as a hostess. For instance . . . "Boston Brownies", a deliciously different canape that makes a perfect party treat. "Tuna Special" is another. Everybody will like this one. Altogether nine wonderful and delicious recipes that show you how to make party preparations easy—with Club Crackers. McCormick's Club Crackers are becoming so popular! I know your guests will love them!

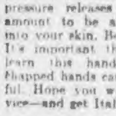
I Love Cooking . . . and can honestly claim to be a good cook. That's why I feel justified in telling you, with enthusiasm, how completely delicious you'll find LIPTON SOUPS . . . especially the tasty new one, LIPTON'S GREEN PEA SOUP. And it's so simple. You just add the contents of the Lipton package to *cold* water, bring to a boil, let simmer for a few minutes and serve. Mmmm, that velvety-smooth puree of peas with spicy, "smoky" flavour really hits the spot. Try it soon! Right now you can get, with an empty package from any Lipton Soup—***a 4-piece Thermometer and Baster set which usually costs $3.00 — for only $1.00! Check at your food store on this offer.***

Lose Weight Now — And Be Slender in the Spring sunshine! That's a hope which can become a *reality* with AYDS and the Ayds Plan. Clinical Tests, made under medical supervision, have *proved* that those who used Ayds and the Ayds Plan lost more weight than those on any other reducing methods. And it's so *easy*—for when you take the caramel-like Ayds before meals, as directed, your appetite is curbed. You eat less, and so lose weight . . . with no nervousness, sleeplessness or unpleasant "side-effects". Vitamins and Minerals have been added. Many *thousands* of Canadians are happily losing weight with Ayds. You can, too! At all drug stores.

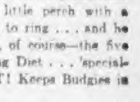


There's No Mystery . . . about soft, pretty hands. It just requires the easy, every-day care of Campana's ITALIAN BALM—rubbed briskly into your hands after *every* exposure to wind, work, weather. Only takes a moment when you use the handy household size, with the new dispenser . . . for a quick thumb-pressure releases just the right amount to be absorbed quickly into your skin. Both for only 69c. It's important that the children learn this hand-care, too, for chapped hands can be *really* painful. Hope you will take my advice—and get Italian Balm *today!*

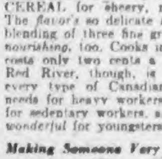
Just In From A Walk . . . with our Mr. Kipps, the most *enchanting* West Highland that ever was. Wish *every* family had a dog . . . to bring them unending pleasure. And to keep dogs happy, healthful and playful, we've found, too, that DR. BALLARD'S CHAMPION DOG FOOD is truly *the* Champ! And no wonder either—for it's prepared by a veterinarian to provide the exact balance of proteins, minerals, vitamins and other food elements every dog should have for good health. Mr. Kipps enjoys each of the three flavors in turn—Chicken, Liver and Regular, and is *thriving* on this DOGlicious diet!



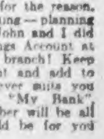
A Flash Of Color . . . a whir of wings . . . a cheery chirrup, and our Budgie, Sir Isaac, is on my shoulder nibbling affectionately at my cheek. He loves his little perch with a mirror hung in front and two bells to ring . . . and he loves his "Basic Five"—by Brock's, of course—the five elements in Brock's Natural Feeding Diet . . . specially his BROCK'S BUDGIE TREAT! Keeps Budgies in *tip-top* health!



Mother Love . . . Shows Itself in many ways. Some of it poetic and sentimental . . . and some of it, very practical . . . as, for instance, serving RED RIVER CEREAL for cheery, nourishing breakfasts. The *flavor's* so delicate and pleasant, with its blending of three fine grains. Red River is so *nourishing,* too. Cooks in a few minutes, and costs only two cents a serving. The best of Red River, though, is that it is ideal for every type of Canadian — producing energy needs for heavy workers; guarding regularity for sedentary workers, and older people. And *wonderful* for youngsters!



Making Someone Very Happy . . . that's the essence of Christmas giving. But how happy are you when the bills for the gifts you give start rolling in? Well, you don't have to look too far for the reason. It just requires a little planning — planning ahead, I mean. Why not do as John and I did last year. Start a Yuletide Savings Account at your BANK OF MONTREAL branch! Keep it apart from any other account and add to it each week or month, whichever suits you best. By saving regularly at "My Bank", Christmas shopping next December will be all the fun and happiness it should be for you and your *friends.*



Good News For Your Budget! Your grocer now has BLUE BONNET MARGARINE at an extra special low price. This is the same high quality, all-vegetable Blue Bonnet you've always enjoyed, but it's at a bigger bargain than ever. But take my advice and hurry—you can make extra savings only while the supply of special packages lasts. The sunny-sweet flavor of Blue Bonnet makes it so good when spread on bread or toast, or used a-top hot vegetables. It's marvelous for sauces, baking, and pan-frying, too. Get several pounds of the quality all-vegetable margarine—Blue Bonnet—while you make those extra big savings!

Soldier to Serve 18 Months For Break-In and Gun Theft

Leonard Harper, young QOR soldier who pleaded guilty last week to breaking and entry and theft of an automatic pistol from a Saanich home, was sentenced in Saanich police court yesterday to 18 months definite and six months indeterminate in the Young Offenders' Unit at Oakalla.

Early this year Harper was fined $100 or one month for assault causing bodily harm to a woman taxi driver last November.

The sentence was appealed by the attorney-general's department, and increased in appeal court to 15 months definite and six months indeterminate.

Yesterday's sentence was made concurrent with the earlier one.

* * *

In city police court yesterday Robert Dunbar, 818 Courtney, pleaded guilty to breaking and entry and theft of $401 last Sept. 20 at the Safeway store, 301 Menzies.

He was remanded to Feb. 27 for a probation report and sentence.

* * *

James P. Kennedy, young sailor who had admitted possession of a firearm without a permit, yesterday was sentenced to a $50 fine or 21 days in jail.

* * *

E. MacRitchie, HMCS Oshawa, was fined a total of $110 on three traffic charges in city court yesterday. He pleaded guilty to all three.

The charges, all dated April 21, 1956, were careless driving, for which he was fined $35; no driver's licence, with a $25 fine, and failing to remain at the scene of an accident, for which the fine was $50.

Bruce Carmichael, 2852 Douglas, pleaded guilty to a careless driving charge for which he was fined $35 and had his licence suspended. His car hit a power pole on Gorge Road near the Fountain Circle.

* * *

Sidney D. Vantreight, 806 Haliburton, was fined $25 on conviction of failing to obey an order from the fire marshal's office.

In December city fire chief Frank Briers, who is assistant fire marshal for Victoria, ordered Vantreight to effect repairs to or otherwise dispose of an unused building at 1721 Cook.

A second order was also ignored.

* * *

Three motorists were fined in Saanich court yesterday afternoon for speeding.

Clarence A. Billett, 191 Belmont, Colwood, was fined $35 or five days when he pleaded guilty. Police said he'd been paced at 70 to 75 miles an hour on Burnside, in a 30-mile zone.

Hendrik Lauge, 2743 Dover, was fined $30 or five days for driving at 70 miles an hour in a 50-mile zone on Douglas.

William Urlacher, who was paced at 65 miles an hour on Douglas in Saanich, was also fined $30 or five days.

* * *

Pleading guilty to a careless driving charge, Norman James Horner, 1376 Hastings, was fined $40 and his licence suspended. He was also fined $50 or one month on pleading guilty to a charge of supplying liquor to minors.

* * *

Ronald Norman Trickett, 4261 Torquay Drive, was found guilty after trial of careless driving arising from a collision Feb. 5 on Gregory Place at Cedar Hill Road. He was fined $35.

Beth Matheson, 3936 Quadra, was fined $25 for driving without a driver's licence.

Traffic Reports To Be Studied

City council's public works committee will meet Monday evening especially to consider the traffic and parking reports of D. Jackson Faustman of Sacramento, consulting traffic engineer.

"I'd like to go into details of the reports and see if something can't be done about implementing them," said Ald. M. H. Mooney, committie chairman.

Laggards Beware!

Sloughing students may find themselves expelled from school if Education Minister Leslie Peterson decides to follow the lead of Calgary schools.

School principals now try quietly to influence parents of lagging students to make them see that an occupational field would be batter, the minister told a luncheon meeting Wednesday.

"With increased crowding of classrooms throughout the province, we soon may have to give more serious consideration to the problem," he said.

Many students not fitted for higher education are continuing at school only because of ambitious plans their parents have for them.

Under the Calgary plan, indifferent students in high school were threatened with expulsion and in some cases the marks doubled in the mid-term exams.

No student who is trying hard but is getting low marks is expelled.

A Calgary school official described the laggard students as "homesteaders" who didn't do homework or pass in assignments.

Seabreeze Tape Recorder with Stereophonic Sound

This Hi-Fi tape recorder enables you to hear recorded music with both ears because you hear two separate sound tracks recorded from two separate vantage points with two separate microphones. The stereo tape passes two recording heads which pick up two individual sound tracks and translates them back into sound through the high fidelity sound system giving you deep, pleasant dimensional sounds. You'll get professional results without complicated operation. Complete with two 3½"x6"x9" speakers. And you're sure to like the smart, modern styling in two-tone grey, a finish that will really take the wear. See this tape recorder demonstrated on Friday and Saturday in our camera department.
